President's Welcome In Paris Warm

Marks Chief's First Venture In Europe Summit Diplomacy

PARIS (AP)—After a 101-gun salute and a warm welcome from the people of Paris, President Kennedy began his first European venture in summit diplomacy at a conference with French President Charles de Gaulle.

The streets of the French capital, brilliant with red, white and blue flags against the soft green voliage of spring, wore a gay and festive air. But the political atmosphere was grimmer. On Saturday, Kennedy will meet Soviet Premier Khrushchev in Vienna, Austria, under the threat of a new Berlin crisis later this year.

Kennedy and De Gaulle opened their policy talks 45 minutes before lunch in Elysee Palace and were to continue this afternoon. Their concern with a new Berlin move by Khrushchev was a major subject for discussion.

Kennedy on his arrival publicly assured De Gaulle that their own talks in his view are as important as his meeting with the Soviet premier.

The young American leader called on De Gaulle, senior statesman of the Western Big Three, just two hours after his jet airliner landed at Orly Airport. He had flown from New York in 6 hours and 51 minutes.

De Gaulle, 70, greeted Kennedy, 44, with obvious warmth in his handshake. In his resonant, rolling French he told Kennedy: "You are most welcome to France." He spoke of the "difficult circumstances in which the world finds itself and which weigh upon our two countries to concert their actions."

Speaking without notes, as did De Gaulle, Kennedy delivered in response a brief prepared statement calling for greater Western unity and strength.

After the colorful ceremony of the airport arrival with military band and honor guard, the two

Sunny Skies Mark City's Observances

Light Wind Ripples Flags Of Marchers In Memorial Events

Blue skies, a warming sun and temperature in the mid-60's provided perfect weather for the Tri-State District's observance of Memorial Day.

Forenoon temperatures were on the cool side but the mercury climbed to a high of 65 degrees late in the afternoon and a breeze, stiff at times, rippled flags carried at the heads of processions and parades paying annual tribute to war dead.

Some 300 attended the city's Memorial Day program Tuesday afternoon in front of City Hall.

This was the principal program although other services were conducted during the day by veterans organizations and auxiliaries.

A fairly large crowd viewed the parade through downtown streets before the City Hall rites.

Lt. Cmdr. L. E. Walters of Cleveland Navy Recruiting Station was the principal speaker.

He discussed peace in the world and said "the younger generation will have to carry the torch against the encroachments of Russia."

Walters pointed out Russia is attempting to dominate the world and urged that the citizens take notice and support programs to halt this movement.

Mayor Bert H. Goodballet was master of ceremonies.

The weather was a little too cool for swimmers but area parks

Phone Cable Cut By Freeway Digger

Telephone service for about 800 customers in the LaCroft and Pleasant Heights areas was knocked out early this morning when a main feeder cable was cut at the site of the new highway interchange on W. 8th St.

The Ohio Bell Telephone Co. said it would take about 48 hours to restore service to the homes.

T. Fred Edwards, manager, said the cable was sheared by a piece of construction equipment about 8:30 a. m.

He said repairs will be made as rapidly as possible. Each line will have to be checked as the cable is spliced.

Edwards said he does not know what type of digger cut the cable. The cable runs up Lisbon St.

3 Weeks Off Schedule

Freeway Project Moves With Bad Weather Over

By ROBERT POPP

Plagued from the start by unusual late winter snowfall, followed by the wettest spring in years, the job of moving earth for the California Hollow - West End Freeway project is running about three weeks behind schedule.

Chapin & Chapin, Inc., of Norwalk, the contractor, has moved about 40,000 cubic yards of earth to date — most of it in the vicinity of a mammoth interchange at W. 8th St. — but 250,000 cubic yards would have been moved by this time if the job had proceeded on schedule.

—:—

THE PROJECT calls for moving 1,100,000 cubic yards for the 1.4-mile stretch of limited access highway between W. 3rd and Monroe Sts. and the city limits.

The work is being done under a joint contract by Chapin & Chapin and Baker & Hickey, Inc., of Columbus. The Chapin concern's part totals about $2.5 million and Baker & Hickey's portion about $1 million.

Chapin & Chapin will perform the entire job except for the erection of structures — the overhead span that will stretch across W. 8th St., another across the foot of Lisbon St., a pedestrian bridge and two retaining walls—one at the West End of the City Hospital site and the other at the East Liverpool end of the Newell Bridge.

Chapin & Chapin will handle all the earth moving and drainage, including a huge enclosure for Carpenters Run, and also will pour the concrete for the new road.

About 110 are employed in all by the two prime contractors.

—:—

UNUSUALLY heavy snowfalls and bitter cold intervened first when Chapin & Chapin moved in Jan. 18 to begin clearing the right-of-way. The cold, snowy weather persisted for weeks and then gave way to one of the chilliest, wettest springs in East Liverpool history.

It's the continued wet weather that has interfered with Chapin & Chapin's earth-moving in recent weeks. For instance, it was unable to move any earth whatever in the 10 days between May 15 and May 24.

Rainfalls have been so frequent that the earth has been near the saturation point for long periods. After superficial drying in a few warm days, a fraction of an inch of new rain is enough to interrupt the work again.

One of the sub-contractors on the job is the Nicholson Pile Co. of Pittsburgh. It has driven piling to give firm support for Pier No. 3, which will go south of W. 8th St. to help hold the elevated structure of the new road. It also drove piling for the abutment

Efforts Continued By U.S.

KKK-'Riders' Link Eyed

By The Associated Press

The Justice Department continues today its efforts to link the Ku Klux Klan to mob violence against "Freedom Riders" in Anniston, Birmingham and Montgomery, Ala.

This is the third day since the government launched a hearing in federal court at Montgomery aimed at (1) making permanent an existing injunction against the KKK and (2) obtaining an order requiring Birmingham and Montgomery police to provide protection for future interstate passengers.

During the second day of testimony before U.S. Dist. Judge Frank M. Johnson Jr. three witnesses refused to answer some of the questions put to them. They pleaded the Fifth Amendment, saying answers might tend to incriminate them.

One was cited for contempt after he refused, for a while, to tell the judge who advised him to use the Fifth Amendment plea.

Charles D. Prince, district manager of the Southern Bell Telephone Co., was the final witness on the second day. A government attorney had started to ask for records of any phone calls between Anniston and a Klan leader when the judge recessed for the night.

Testimony so far has shown that biracial groups of Freedom Riders met with violence in Anniston and Birmingham on May 14 and in Montgomery on May 20. Also in Montgomery Tuesday, the Alabama Court of Appeals upheld the conviction of 12 Negroes arrested in a series of sit-ins, ruling that a merchant can serve which customers he sees fit.

Ten Negro students were fined $100 and costs each and sentenced to 30 days in jail under a city ordinance which makes it unlawful to remain on the property of another after being warned to leave.

Two Negro leaders, the Rev. F. L. Shuttlesworth and the Rev. Charles Billups were convicted of organizing the sit-in demonstrations.

Elsewhere, eight more integrationists arrived at Jackson, Miss., and followed their predecessors to jail as the Freedom Rider movement continued.

The riders jailed Tuesday—five white and three Negroes—rode a train instead of a bus and were arrested when they tried to use

Rusk Begins $4.7 Billion Aid Struggle

Secretary Of State To Testify Before Senate Committee

WASHINGTON (AP) — Secretary of State Dean Rusk goes to Capitol Hill today to begin President Kennedy's battle for $4.75 billion in foreign aid money.

He testifies before the Senate Foreign Relations Committee against a background of senatorial demands for better administration of the vast aid program.

Sen. J. William Fulbright, D-Ark., said events of the past year have cast many doubts on administration of the military and economic assistance programs abroad. He said there have been too many examples of countries in which the programs have been corrupted or frustrated in their aim of promoting freedom.

Fulbright, committee chairman, made his observations in a statement prepared for reading at the opening of the morning session.

Rusk delayed his departure for Paris to join President Kennedy in his talks with President Charles de Gaulle to give the big mutual security measure a top level send off.

Sen. George D. Aiken, R-Vt., a member of Fulbright's committee said Kennedy's request will be sharply trimmed by Congress.

Former Palestine Man Vanishes In Bay

Coast Guardsmen and others today continued a Chesapeake Bay area search for a former East Palestine man and a companion who are "presumed missing" on a deep sea fishing trip.

The rented boat of Orin Dale Mason, 28, of New Jersey and a friend was found afloat Tuesday, but the pair was not in it, officials said.

Mason, son of Mr. and Mrs. Orin Mason, 569 E. North Ave., East Palestine, is an activities director and company paper editor for the Anchor Hocking Co. He is a graduate of Ohio State University.

His father and some friends from East Palestine left for New Jersey yesterday.

Khrushchev's En Route For Vienna Talks

LONDON (AP)—Soviet Premier Khrushchev reached Czechoslovakia by train today en route to Vienna to meet President Kennedy, the Soviet news agency Tass said. He is visiting the country, it said, "at the invitation of the Czechoslovak government."

There is speculation Khrushchev may hold a Communist summit meeting in Czechoslovakia in preparation for his talks Saturday and Sunday with Kennedy. He came from Moscow by way of Kiev and Lvov, where he stopped Tuesday night.

He is due tonight in Bratislava, near Slovakia's border with Austria, and will stay there until Friday. A Prague spokesman for the official Czechoslovak news agency CTK, disclosing this Tuesday night, said a Communist summit session "is possible, but as far as we know, nothing is certain yet."

In Warsaw, the Polish Press Agency reported that Zenon Kliszko a member of the Polish Communist politburo and the closest aide to party chief Wladyslaw Gomulka, flew to Prague Tuesday. Some foreign observers believed his trip was connected with Khrushchev's arrival in Czechoslovakia.

Operator Of Chester Tavern Fined $200

Carl Amedeo of Chester, operator of Pat's Tavern, 500 Carolina Ave., was fined a total of $200 and costs on two charges at a hearing today before Squire John D. Herron of New Cumberland.

Amedeo was fined $100 and costs on a charge of dispensing beer Sunday before the legal hour of 1 p. m. (EST) and $100 and costs for operation of a lottery — a punchboard.

The charges were filed by West Virginia State Police from Weirton Sunday about noon. Amedeo entered a "no contest" plea.

Memorial Day Weekend

Highway Deaths Hit New Record

By The Associated Press

The nation's traffic death toll, racing along at a tragic steady rate of more than four an hour for 102 hours, hit a record high for the extended Memorial Day weekend.

Late reports covering the period from 6 p.m. Friday to midnight Tuesday (EDT) were expected to boost the final count far past the previous high of 413 for a four-day Memorial Day observance. That was in 1957.

Safety experts expressed fear the belated reports might show one of the heaviest tolls for a holiday weekend during the spring and summer months in 11 years. During the July 4, 1950, weekend of four days 491 persons were killed in traffic accidents.

This year's heavy toll on the highways compared with 367 traffic deaths for last year's three-day Memorial Day weekend. Other violent fatalities during the four-day weekend included drownings not involving boats, in boating accidents and from miscellaneous mishaps. The over-all death toll compared to last year's 579.

In the 1957 Memorial Day weekend, there also were 134 drownings and 113 persons killed in miscellaneous accidents for a death toll of 660.

The National Safety Council, which joined with police agencies during the long weekend in urging motorist to drive with caution, underestimated the heavy traffic toll.

The council, in a pre-holiday statement, estimated 100 persons might be killed in the 30-hour period from 6 p.m. Monday to Tuesday midnight. The total was 113. The council did not make an estimate for the entire 102-hour period because Monday was gener-

Affecting Pregnant Women

Surgeon General Tells Of Cancer Curing Drug

WASHINGTON (AP)—U.S. Surgeon General Luther Terry says "We have experience with a drug which has almost certainly cured cancer in man."

He stressed, in an interview Tuesday night over radio station WWDC, that the drug cures only a type of cancer which affects pregnant women.

"This is a very exciting thing. Now this is a very specific type of cancer in which there are not a great number of cases, but it's one of the widely growing cancers that happens to originate in the womb of a pregant woman in the membranes," he said.

"And in the past when this cancer has arisen, it's been widely growing and fatal in every instance. We have just passed the stage now, where, after treatment of a group of these cases over a long period of time, we feel hopeful, in fact, almost confident that we have gotten actual cures."

He did not mention the name of the drug.

The surgeon general said, however, there were many types of cancer, and added: "It's very likely that when we find a cure for one type of cancer it will not necessarily be applicable to another type of cancer. In other words, something that—a drug—that might cure cancer of the breast, might not cure cancer of the lung or cancer of the intestine."

A spokesman for the National Institutes of Health, a division of the U.S. Public Health Service, said about half of the 60 women cancer patients treated with the chemical over a period of years had survived.

A Community Meets The Challenge

From time to time it is interesting to note how other communities are tackling their economic problems.

Take Erie, Pa., for example. It has suffered in recent years from loss of industry. And things have not been too bright. The community, however, has come back fighting and, as the Erie Times points out in an editorial May 24, "the economic outlook for Erie is looking up".

A key phase of the redevelopment is the expansion of off - street parking facilities through the supervision of the Erie Parking Authority. In view of our own efforts, a review of the program seems in order.

In all, the Erie Parking Authority now operates 13 off-street parking facilities, with a total of 1,782 car spaces. Of the 1,782 spaces, 1,375 are in downtown Erie. And, as parking authority members have indicated, the program is far from complete, with a survey showing the need for 1,200 additional spaces downtown.

The price tag on off-street parking to date is approximately $3 million, according to authority members.

We quote in part as follows from the editorial in the Erie Times:

"The economic outlook for Erie is looking up. It isn't spectacular, because no giant factories have moved here. But giant factories are not moving anywhere any more. They are splitting up into little factories and spreading all over the country. . . .

"There are prospects of new industries moving into Erie which are being pursued right now.

"Meanwhile, our established industries have been holding their own and many are reporting feeling an uptrend.

"Prosperity isn't spectacular because prosperity moves slowly. When it finally arrives very often it isn't recognized because the gradual process of growth isn't appreciated. . . .

"We are moving ahead. We finally have stopped the drift and have turned the economic tide in our favor.

"There is a better spirit abroad. There is talk of downtown renewal. . . .

"There is talk of a new municipal center in the heart of the city.

"It takes more than talk to accomplish anything. But anything to be accomplished must first start with talk. We're in the talk stage and action isn't around the corner. It's dead ahead."

Erie is to be commended for the manner in which it is meeting the challenge. It has set a worthwhile example for communities faced with similar economics problems.

An Eye Bank

Establishment of an eye bank here, as proposed in a talk to the Rotary Club Tuesday, presents a humanitarian challenge that should not be cast aside without further thought.

There could be no more gratifying endeavor than the aiding of the blind.

The proposed program should be examined carefully and extensively. If it proves feasible, an eye bank would be a most useful addition to the city's present medical facilities.

Trying On A Noose For Size

The country's only hope of keeping education beyond the reach of federal control now is opposition in the U.S. House of Representatives. The Senate has closed in.

The claim that money aid does not mean federal control has been shattered. The Senate bill requires states to continue appropriations at the same level on penalty of being denied federal aid and to step up appropriations at a rate prescribed by Washington in years to come.

Perhaps in the House opponents of federal aid will push away extraneous quibbles and quarrels over whither this and that if thus and so occur and pin down the National Education Association and its allies to a single question:

How much would it cost the federal government to run the schools up to the association's unrealistic standards for classrooms, teachers and curriculums, provided the federal government assumed the entire responsibility?

This is the key question.

ONCE FEDERAL AID was started, local support would slow down and finally stop, in exactly the same way that local support has disappeared for everything taken over by the federal government. Nowhere would there be more than nominal local support for education costs.

If the federal aid lobbyists think they can set up federal control of education by doling out a token amount of money each year, they are misreading the psychology of U.S. taxpayers.

But perhaps that is part of the plan, because the lobbyists already have shown disregard for the intelligence of U.S. taxpayers by arguing that less than a billion dollars a year for three years could fix everything wrong with education. It wouldn't be a drop in the bucket, relative to the total cost of education.

When local support began to pull away from schools, there would be no choice. Congress would have to double, redouble and keep redoubling appropriations in geometric progression.

FEDERAL AID strategy in the Senate was to make the issue seem simple and straightforward by stripping it of controversial details. These are to be threshed out later, once the principle of federal aid has been accepted.

The hope now rests with the moderates in the House of Representatives—the hope of keeping the hands of the federal government off education.

And the best chance of keeping the hands at a distance would be to make the federalists declare whether they are willing to accept the whole burden of education if they get their foot in the door. The burden would be on the order of $15 billion a year for public education, plus untold billions if the government followed through on a policy of helping private schools.

Moreover, the only beneficiaries of the spending would be the states not now supporting schools. All other states would yield in tax revenue many times the amount they ever could hope to get back from Washington.

4-H Clubs Busy

While never idle the year-round, Columbiana County's 4-H clubs now are swinging into the busiest phase of their activities.

Deserving projects of many kinds are in the development stage. And the 1,700 4-H members, under the supervision of 180 volunteer advisors, are approaching them with the will which has produced such satisfying results in the past.

The county can be proud of the work being done by its youngsters in the 4-H field. When 1961 has gone into the record books, you can be sure that the 4-H'ers will have done their part to make it a banner year.

Treasures Imperiled

U.N. To The Rescue

The United Nations is marshaling modern resources to save priceless Egyptian antiquities threatened by the new High Dam at Aswan.

When completed in about seven years, the dam will convert a 300-mile stretch of the upper Nile River into a lake, 20 miles wide in places and 180 feet deep, the National Geographic Society says.

The lake will swallow more than 25 Pharaonic temples, at least seven ancient Egyptian towns, countless tombs and shrines bearing important rock engravings and paintings, and a vast area of unexplored archeological sites.

THE UNITED NATIONS Educational, Scientific and Cultural Organization hopes to rescue many of these treasures. Some will be preserved on the site, others will be removed and a few will be excavated, studied and reluctantly abandoned to the Nile.

President John F. Kennedy recently recommended that the United States contribute $10,0000,000 to the effort. The President specifically suggested financing the estimated $8,000,000 cost of preserving the group of temples on the island of Philae, the "Pearl of Egypt."

The island lies between the present Aswan dam and the new one. The monuments on it now are almost completely submerged nine months of the year. After the high dam is completed the bases of the temples will be increasingly eroded by fluctuating waters several times a day.

A GROUP OF Dutch hydraulic engineers has devised a plan to surround Philae and two nearby islands with a chain of earth-and-rock dams which will create a low-level lake, leaving the islands permanently above water.

Philae and the adjacent islands of Bigeh and El-Heseh were shrines as long ago as 1800 B.C. Among the early gods venerated there was the ram-headed Khnum, the potter.

During the Assyrian, Babylonian, and Persian invasions, the people gradually abandoned the gods of the state religion who had been unable to protect Egypt. They turned to Isis, goddess of fertility, and her husband, Osiris, great god of the dead.

The Once Over

(View of Vienna meeting with apologies to Longfellow.)

The problems great were growing fast
As through Vienna town there passed
Two men who bore, mid snow and ice,
A banner with the strange device . . .
"How's chances?"
The younger man, he saw the light
Of hope shine through the darkened night;
Beside him stood a fellow who
Beat out this message with his shoe . . .
"Just Trust Me."
"Try not the pass," came through the air,
To warn the young man standing there,
"Fierce is the tempest overhead";
But fearlessly the young man said,
"I'll risk it."
"Beware Nikita's torrid words. . . .
They can be strictly for the birds"
This was the warning, lacking hope;
A voice replied far up the slope
"Don't worry."
"Beware the blizzard winds that whip,
Block well the Khruschev showman ship"—
This was the warning, lacking hope;
A voice replied far up the slope:
"Don't worry."
There in the frigid atmosphere
Jack fought the "Nyets" without fear,
"A draw" the St. Bernard dogs said;
"Foul" cried the USSR head.
(It figures.)

A Long Shadow

The Big 'If' In Texas

By David Lawrence

It would be easy to conclude that the remarkable showing made by John G. Tower, Republican, against Sen. William A. Blakley, Democrat, in last Saturday's election in Texas amounted to a repudiation of the Kennedy administration.

David Lawrence

Although this senatorial election occurred seven months after the presidential election and hence a change in political complexion so soon was bound to be regarded as sensational, the truth is that, as in so many special or off-year elections, the campaign issues were local rather than national.

Here are some facts that bear it out:

1. John Tower, Republican, got more votes last autumn when he ran against Lyndon Johnson than both the Republican and Democratic candidates together received last Saturday.

2. Richard Nixon, Republican presidential nominee, polled last autumn in Texas 1,121,838 votes, which exceeds by more than 200,000 the votes obtained by the two senatorial candidates combined in this election.

3. Only about 40 per cent of the total vote polled in Texas in the last presidential election participated this time.

Many voters undoubtedly said: "A plague on both your houses!" Why? Perhaps, to some extent, because both candidates were conservatives and this gave the non-conservatives no preference.

Also both nominees this time attacked causes that were favored by large numbers of Texans.

In regions where the administration's agricultural program, for instance, was being strongly urged by the regular Democrats, the senatorial nominee of that party didn't show any enthusiasm for it.

Lyndon Johnson unwittingly played a part in the campaign, though he didn't make any speeches. Sen. Blakley openly declared that "'LBJ' won't have any influence over me."

This won him some anti-Johnson Democrats but lost him some of the following which Vice President Johnson had built up during his many years as senator.

ON THE REPUBLICAN side Sen. Barry Goldwater of Arizona, who came into the state to campaign for Mr. Tower, was resented at first as an intruder but, when he made a certain humorous comment, he got attention and won some votes for the Republican nominee.

What he said was that, since his marriage and the birth of his daughter, nothing could give him more enjoyment than to see "LBJ," as vice president, administering the oath of office to a Republican who had been elected senator from Texas.

This naturally pleased some of the anti-Johnson folks. Over the course of years in politics it is not surprising that such antagonisms will be aroused and reflect themselves in local elections.

For the most part, the Democratic party leaders were faithful to Sen. Blakley, but the rank and file were not. They showed their lack of enthusiasm either by voting Republican or by staying away from the polls altogether.

While President Kennedy's popularity curve, according to recent public-opinion polls, has been high, and many Democrats still insist he would get as big a vote today in Texas as he did last November, the Republicans vehemently say this isn't so.

Certainly both candidates indicated in the campaign that they were against the proposals generally identified with the "New Frontier" concept. So it is hard to say what was in the minds of the 60 per cent of the Texans who voted seven months ago but chose not to go to the polls this time.

IT IS CONTENDED, on the other hand, that a total vote of about 900,000 is better than the average public opinion poll and certainly indicates a trend.

However this may be, the fact remains that a state which gave its electoral votes to Kennedy last November by a margin of 45,000 now goes on record with a substantial reduction for his party. There wasn't any religious issue involved this time, either, since both senatorial candidates are Protestants. Despite all the rationalized explanations, this election will be heralded as a setback for the administration.

For those who like to deal in "ifs," it might be suggested also that, had Mr. Kennedy announced during his campaign that he would order U.S. marshals to help the "Freedom Riders" to invade any southern state, he might have lost the 24 electoral votes of Texas and enough in Alabama and Georgia to have wiped out altogether the 31-vote margin of electroal votes that won him the presidency.

Another Man's Dream

By James Marlow

WASHINGTON

President Kennedy must wrestle with another man's dream in his conversations with President Charles de Gaulle in Paris today. It's de Gaulle's dream of a new, great and grand France.

The enormously dignified—some might say vain—Frenchman is 70 now. And for the rest of his life, even if he lives to 90, it's a dream not likely to be realized.

Although the United States and Russia are the only two great powers now, it's Red China, not France, which is moving up.

Except as De Gaulle sees it, there is no likely spot for France in the top echelon of world powers during the next quarter century. So the two presidents are not apt to settle much. At best they may understand each other more.

At worst De Gaulle may be hardened a little more in both his dreams and his obstinacy. Neither man can walk into the meeting room and lay a bowl of recent triumphs ont he table to impress the other.

Fresh in De Gaulle's memory is Kennedy's disaster with the Cuban invasion, the erosion of American power and prestige in Laos, the Russian space flight which made the American space flight look secondary.

Kennedy, in turn, will be facing a man, 25 years his senior, whose own recent troubles may in the end overwhelm him.

De Gaulle barely squeaked through the generals' revolt in Algeria where the possibility of a new, wider and bloodier revolt is still very real. After three years of talking, De Gaulle still has not brought peace there.

Because De Gaulle is 70 and the history of France since World War II has been a history of instability and unpredictability, Kennedy must feel as he talks to the French president:

What will any promises from me to him or from him to me mean if he should disappear from the scene tomorrow? Will new generals take over? Will France even remain a democracy?

It's this very uncertainty and long instability which would make Congress reluctant to let France have American atomic weapons or a say-so on the use of those weapons, both of which De Gaulle would like.

Kennedy therefore can hardly soothe him by promising either.

Kennedy cannot afford a split with the Frenchman—for the sake of the NATO alliance and because he needs maximum Western unity when he talks this next weekend with Premier Khrushchev in Vienna.

Nor can France afford to go it alone, with Russia watching her over the rim of Eastern Europe. The Kennedy-De Gaulle talks, therefore, are likely to be polite but not particularly productive.

The Communist Plot

By Victor Riesel

A Look At Reds' Global Labor Apparatus

While Chairman N. S. Khrushchev is preparing to meet and talk military peace with President John Kennedy, the Soviet leader is at the same time working on plans to unleash riots, massive work stoppages and general strikes on the streets of the capitalist capitals of the world.

Victor Riesel

There are documents proving that Chairman Khrushchev assigned one Louis Saillant, a Frenchman, to develop strategy for economic and industrial paralysis of the non-Communist world.

Saillant runs the Soviet's global labor apparatus, The World Federation of Trade Unions (WFTU) out of Prague, not more than an hour's flight from the summit city of Vienna.

This French aide of Khrushchev has summoned all Communist labor leaders from across the world—including the Cuban labor chief Jesus Soto — to Moscow for full and personal briefings on what will be expected from them in 1962. They will gather there beginning Dec. 4 for almost two weeks of discussions.

OFFICIALLY these Soviet directed labor men from across the earth will be called delegates to the "Fifth World Trade Union Congress." Actually it will be a conference on infiltrating existing labor movements and "in unity" spurring them into industrial war on their governments.

Saillant, under orders from the Soviet Communist Party's Central Committee labor section, has set up an action committee. It's national branches are to direct this violence and sabotage in each country.

It's name — the length of which testifies to its seriousness even if a mite opera-comique—is "The International Trade Union and Legal Committee for the Defense and Extension of Trade Union Rights and for the Protection of Victims of Anti-Trade Union Repression." It's their name, I only report it.

UNDER THIS COVER, Saillant has told his own aides, the Soviet's global labor machine expects "defense protests," rioting and strikes. In a report to his own lieutenants, Saillant gave the Japanese rioting as a most satisfying example of what can be accomplished for the cause.

"If we remember," wrote Saillant, "the way in which the Japanese workers united to prevent the arrival on Japanese soil of the President of the U.S., and if we remember the international political climate at the time, we cannot but value highly the action waged by SOHYO, the most widely based trade union organization in Japan.

"This is an organization with which we have extremely fraternal relations and with which we cooperate."

For the first time, Saillant revealed the role the international Communist labor apparatus played in other violent strikes which toppled governments.

"IN ADDITION," said Khrushchev's global labor operative, "a short time after the General Council (high command of the WFTU) met in Peiping, a vast mass movement took shape in Italy in defense of democratic liberties and principals, the CGIL (Communist controlled Italian Federation of Labor) launched a general strike movement.

Powerful demonstrations were held throughout Italy and workers paid with their lives for their part in these struggles.

Here again, in hard facts, we saw the bridge between the views expressed by Peiping General Council and the bitter reality of working class struggles.

"We saw confirmed the great possibilities of action by the mass of the workers, since the struggle undertaken by the Italian workers was also to lead to the fall of the Tambroni government."

Saillant also boasted in this report that the Communists were able to move in over the heads of the official leaders of the costly and violent Belgian general strike which also toppled that government.

THE INSINUATION hardly drips with subtlety. What Khrushchev, through the Saillant operation, will plan at the Dec. 4 Fifth Labor Congress in Moscow, will be internal revolutions obviating such crudities as ever, old fashioned explosive and non-nuclear arms.

From what is already known of the agenda for the Congress, Saillant probably will aim for "united" strike action in France in an effort to topple Gen. de Gaulle. Futher, he will see to it that the pro-Communist labor officials in Africa dominated by Guinea's Seku Toure, are well briefed in pushing around new governments, on that continent.

And with "imperialist United States" as the eventual prime target, the Khrushchev labor congress will see to it that Cuba's Soto and other Latin American Communist labor chiefs leave with detailed instructions on violent demonstrations south of the border. These will be aimed at forcing governments in this hemisphere to cut loose from us.

Of course Chairman Khrushchev can throw away his armaments. Why does he need them, what with such an apparatus.

Advice To Visitors

By Hal Boyle

NEW YORK (AP) — An open letter to any visiting European:

Dear Sir:

Naturally, under President Kennedy's plan to increase foreign tourist travel to the United States every patriotic American welcomes you—and the funds you bring.

We all want you to have a fine time, whether you arrive loaded with pounds sterling, francs, marks or drachmas.

But, particularly if this is your first visit here, you may feel the need of a little briefing on how to make your stay more pleasant.

Here are a few helpful hints:

First and foremost, don't buy the Brooklyn Bridge—even if the seller tenders you an apparently valid bill of sale. Local restrictions forbid the export of this particular bridge.

Remember, you are an unofficial ambassador of your own country and the people here will judge your country by how you behave. If you want to take a snapshot of a quaint American—and you will see many—politely ask his permission first.

Even if you know only a few halting American phrases, be sure to use them. The residents here always feel more warmhearted toward foreigners who make an effort, however limited, to speak to them in their own tongue.

Be sure to visit as many churches and museums as you can, as Americans are also very proud of their culture. You may find the new U.S. forms of architecture bewildering, but there is a quick way to tell the difference between a church, a supermarket, a bowling alley or a motel: You won't have to stand in line to get into the churches—and they don't give change.

You may feel that the shopkeepers are in a conspiracy to cheat you because you have a foreign accent. This is not generally true. They may be suspicious of you, however, if you tender cash in payment. Buy on the installment plan—or flash a credit card. Then they'll know you're hep.

Do not show annoyance if you give a bus driver a dollar bill and he hands you back 20 nickels. This is an old custom here, and bus drivers are granted this inalienable right by an unwritten clause in the U.S. Constitution.

The question of how to tip properly is a vexing problem in any country. There are some parts of America where, if you leave a nickel, the waiter will drop dead in sheer surprise. There are other parts where, if you don't tip 15 per cent of the bill, he may tell you to drop dead. Here you'll have to feel your own way.

But everybody likes a good spender. Spend freely. The money the United States lends your own country later may be your own.

Have a wonderful stay, and come back often!

Odd Facts

Five to six billion dollars may be spent in 1961 by all countries in the world to keep pace or gain a place in iron and steelmaking, according to Steel Facts, published by American Iron and Steel Institute. The largest outlay for any country will be the $1.2 billion planned for expansion and modernization of United States mills.

The Boy Scouts' 11th World Jamboree will be held in Greece in July, 1963. The site will be a two-mile long sandy beach bordered by 250 acres of pine forest—the spot where the famous battle of Marathon was fought in 491 B.C.

A Community Meets The Challenge

From time to time it is interesting to note how other communities are tackling their economic problems.

Take Erie, Pa., for example. It has suffered in recent years from loss of industry. And things have not been too bright. The community, however, has come back fighting and, as the Erie Times points out in an editorial May 24, "the economic outlook for Erie is looking up".

A key phase of the redevelopment is the expansion of off - street parking facilities through the supervision of the Erie Parking Authority. In view of our own efforts, a review of the program seems in order.

In all, the Erie Parking Authority now operates 13 off-street parking facilities, with a total of 1,782 car spaces. Of the 1,782 spaces, 1,375 are in downtown Erie. And, as parking authority members have indicated, the program is far from complete, with a survey showing the need for 1,200 additional spaces downtown.

The price tag on off-street parking to date is approximately $3 million, according to authority members.

We quote in part as follows from the editorial in the Erie Times:

"The economic outlook for Erie is looking up. It isn't spectacular, because no giant factories have moved here. But giant factories are not moving anywhere any more. They are splitting up into little factories and spreading all over the country. . . .

"There are prospects of new industries moving into Erie which are being pursued right now.

"Meanwhile, our established industries have been holding their own and many are reporting feeling an uptrend.

"Prosperity isn't spectacular because prosperity moves slowly. When it finally arrives very often it isn't recognized because the gradual process of growth isn't appreciated. . . .

"We are moving ahead. We finally have stopped the drift and have turned the economic tide in our favor.

"There is a better spirit abroad. There is talk of downtown renewal. . . .

"There is talk of a new municipal center in the heart of the city.

"It takes more than talk to accomplish anything. But anything to be accomplished must first start with talk. We're in the talk stage and action isn't around the corner. It's dead ahead."

Erie is to be commended for the manner in which it is meeting the challenge. It has set a worthwhile example for communities faced with similar economics problems.

An Eye Bank

Establishment of an eye bank here, as proposed in a talk to the Rotary Club Tuesday, presents a humanitarian challenge that should not be cast aside without further thought.

There could be no more gratifying endeavor than the aiding of the blind.

The proposed program should be examined carefully and extensively. If it proves feasible, an eye bank would be a most useful addition to the city's present medical facilities.

Trying On A Noose For Size

The country's only hope of keeping education beyond the reach of federal control now is opposition in the U.S. House of Representatives. The Senate has closed in.

The claim that money aid does not mean federal control has been shattered. The Senate bill requires states to continue appropriations at the same level on penalty of being denied federal aid and to step up appropriations at a rate prescribed by Washington in years to come.

Perhaps in the House opponents of federal aid will push away extraneous quibbles and quarrels over whither this and that if thus and so occur and pin down the National Education Association and its allies to a single question:

How much would it cost the federal government to run the schools up to the association's unrealistic standards for classrooms, teachers and curriculums, provided the federal government assumed the entire responsibility?

This is the key question.

ONCE FEDERAL AID was started, local support would slow down and finally stop, in exactly the same way that local support has disappeared for everything taken over by the federal government. Nowhere would there be more than nominal local support for education costs.

If the federal aid lobbyists think they can set up federal control of education by doling out a token amount of money each year, they are misreading the psychology of U.S. taxpayers.

But perhaps that is part of the plan, because the lobbyists already have shown disregard for the intelligence of U.S. taxpayers by arguing that less than a billion dollars a year for three years could fix everything wrong with education. It wouldn't be a drop in the bucket, relative to the total cost of education.

When local support began to pull away from schools, there would be no choice. Congress would have to double, redouble and keep redoubling appropriations in geometric progression.

FEDERAL AID strategy in the Senate was to make the issue seem simple and straightforward by stripping it of controversial details. These are to be threshed out later, once the principle of federal aid has been accepted.

The hope now rests with the moderates in the House of Representatives—the hope of keeping the hands of the federal government off education.

And the best chance of keeping the hands at a distance would be to make the federalists declare whether they are willing to accept the whole burden of education if they get their foot in the door. The burden would be on the order of $15 billion a year for public education, plus untold billions if the government followed through on a policy of helping private schools.

Moreover, the only beneficiaries of the spending would be the states not now supporting schools. All other states would yield in tax revenue many times the amount they ever could hope to get back from Washington.

4-H Clubs Busy

While never idle the year-round, Columbiana County's 4-H clubs now are swinging into the busiest phase of their activities.

Deserving projects of many kinds are in the development stage. And the 1,700 4-H members, under the supervision of 180 volunteer advisors, are approaching them with the will which has produced such satisfying results in the past.

The county can be proud of the work being done by its youngsters in the 4-H field. When 1961 has gone into the record books, you can be sure that the 4-H'ers will have done their part to make it a banner year.

Treasures Imperiled

U.N. To The Rescue

The United Nations is marshaling modern resources to save priceless Egyptian antiquities threatened by the new High Dam at Aswan.

When completed in about seven years, the dam will convert a 300-mile stretch of the upper Nile River into a lake, 20 miles wide in places and 180 feet deep, the National Geographic Society says.

The lake will swallow more than 25 Pharaonic temples, at least seven ancient Egyptian towns, countless tombs and shrines bearing important rock engravings and paintings, and a vast area of unexplored archeological sites.

THE UNITED NATIONS Educational, Scientific and Cultural Organization hopes to rescue many of these treasures. Some will be preserved on the site, others will be removed and a few will be excavated, studied and reluctantly abandoned to the Nile.

President John F. Kennedy recently recommended that the United States contribute $10,000,000 to the effort. The President specifically suggested financing the estimated $8,000,000 cost of preserving the group of temples on the island of Philae, the "Pearl of Egypt."

The island lies between the present Aswan dam and the new one. The monuments on it now are almost completely submerged nine months of the year. After the high dam is completed the bases of the temples will be increasingly eroded by fluctuating waters several times a day.

A GROUP OF Dutch hydraulic engineers has devised a plan to surround Philae and two nearby islands with a chain of earth-and-rock dams which will create a low-level lake, leaving the islands permanently above water.

Philae and the adjacent islands of Bigeh and El-Heseh were shrines as long ago as 1800 B.C. Among the early gods venerated there was the ram-headed Khnum, the potter.

During the Assyrian, Babylonian, and Persian invasions, the people gradually abandoned the gods of the state religion who had been unable to protect Egypt. They turned to Isis, goddess of fertility, and her husband, Osiris, great god of the dead.

The Once Over

(View of Vienna meeting with apologies to Longfellow.)

The problems great were growing fast
As through Vienna town there passed
Two men who bore, mid snow and ice,
A banner with the strange device . . .
"How's chances?"
The younger man, he saw the light
Of hope shine through the darkened night;
Beside him stood a fellow who
Beat out this message with his shoe . . .
"Just Trust Me."
"Try not the pass," came through the air,
To warn the young man standing there.
"Fierce is the tempest overhead";
But fearlessly the young man said . . .
"I'll risk it."
"Beware Nikita's torrid words . . .
They can be strictly for the birds"
This was the warning, lacking hope;
A voice replied far up the slope . . .
"Don't worry."
"Beware the blizzard winds that whip.
Block well the Khruschev showman ship"—
This was the warning, lacking hope;
A voice replied far up the slope . . .
"Don't worry."
There in the frigid atmosphere
Jack fought the "Nyets" without fear,
"A draw" the St. Bernard dogs said;
"Foul" cried the USSR head.
(It figures.)

A Long Shadow

The Big 'If' In Texas

By David Lawrence

It would be easy to conclude that the remarkable showing made by John G. Tower, Republican, against Sen. William A. Blakley, Democrat, in last Saturday's election in Texas amounted to a repudiation of the Kennedy administration.

David Lawrence

Although this senatorial election occurred seven months after the presidential election and hence a change in political complexion so soon was bound to be regarded as sensational, the truth is that, as in so many special or off-year elections, the campaign issues were local rather than national.

Here are some facts that bear it out:

1. John Tower, Republican, got more votes last autumn when he ran against Lyndon Johnson than both the Republican and Democratic candidates together received last Saturday.

2. Richard Nixon, Republican presidential nominee, polled last autumn in Texas 1,121,838 votes, which exceeds by more than 200,000 the votes obtained by the two senatorial candidates combined in this election.

3. Only about 40 per cent of the total vote polled in Texas in the last presidential election participated this time.

Many voters undoubtedly said: "A plague on both your houses." Why? Perhaps, to some extent, because both candidates were conservatives and this gave the non-conservatives no preference.

Also both nominees this time attacked causes that were favored by large numbers of Texans.

In regions where the administration's agricultural program, for instance, was being strongly urged by the regular Democrats, the senatorial nominee of that party didn't show any enthusiasm for it.

Lyndon Johnson unwittingly played a part in the campaign, though he didn't make any speeches. Sen. Blakley openly declared that "LBJ won't have any influence over me."

This won him some anti-Johnson Democrats but lost him some of the following which Vice President Johnson had built up during his many years as senator.

ON THE REPUBLICAN side Sen. Barry Goldwater of Arizona, who came into the state to campaign for Mr. Tower, was resented at first as an intruder but, when he made a certain humorous comment, he got attention and won some votes for the Republican nominee.

What he said was that, since his marriage and the birth of his daughter, nothing could give him more enjoyment than to see "LBJ," as vice president, administering the oath of office to a Republican who had been elected senator from Texas.

This naturally pleased some of the anti-Johnson folks. Over the course of years in politics it is not surprising that such antagonisms will be aroused and reflect themselves in local elections.

For the most part, the Democratic party leaders were faithful to Sen. Blakley, but the rank and file were not. They showed their lack of enthusiasm either by voting Republican or by staying away from the polls altogether.

While President Kennedy's popularity curve, according to recent public-opinion polls, has been high, and many Democrats still insist he would get as big a vote today in Texas as he did last November, the Republicans vehemently say this isn't so.

Certainly both candidates indicated in the campaign that they were against the proposals generally identified with the "New Frontier" concept. So it is hard to say what was in the minds of the 60 per cent of the Texans who voted seven months ago but chose not to go to the polls this time.

IT IS CONTENDED, on the other hand, that a total vote of about 900,000 is better than the average public opinion poll and certainly indicates a trend.

However this may be, the fact remains that a state which gave its electoral votes to Kennedy last November by a margin of 45,000 now goes on record with a substantial reduction for his party. There wasn't any religious issue involved this time, either, since both senatorial candidates are Protestants. Despite all the rationalized explanations, this election will be heralded as a setback for the administration.

For those who like to deal in "ifs," it might be suggested also that, had Mr. Kennedy announced during his campaign that he would order U.S. marshals to help the "Freedom Riders" to invade any southern state, he might have lost the 24 electoral votes of Texas and enough in Alabama and Georgia to have wiped out altogether the 31-vote margin of electroal votes that won him the presidency.

Another Man's Dream

By James Marlow

WASHINGTON

President Kennedy must wrestle with another man's dream in his conversations with President Charles de Gaulle in Paris today. It's de Gaulle's dream of a new, great and grand France.

The enormously dignified—some might say vain—Frenchman is 70 now. And for the rest of his life, even if he lives to 90, it's a dream not likely to be realized.

Although the United States and Russia are the only two great powers now, it's Red China, not France, which is moving up.

Except as De Gaulle sees it, there is no likely spot for France in the top echelon of world powers during the next quarter century. So the two presidents are not apt to settle much. At best they may understand each other more.

At worst De Gaulle may be hardened a little more in both his dreams and his obstinacy. Neither man can walk into the meeting room and lay a bowl of recent triumphs oct he table to impress the other.

Fresh in De Gaulle's memory is Kennedy's disaster with the Cuban invasion, the erosion of American power and prestige in Laos, the Russian space flight which made the American space flight look secondary.

Kennedy, in turn, will be facing a man, 28 years his senior, whose own recent troubles may in the end overwhelm him.

De Gaulle barely squeaked through the generals' revolt in Algeria where the possibility of a new, wider and bloodier revolt is still very real. After three years of talking, De Gaulle still has not brought peace there.

Because De Gaulle is 70 and the history of France since World War II has been a history of instability and unpredictability, Kennedy must feel as he talks to the French president:

What will any promises from me to him or from him to me mean if he should disappear from the scene tomorrow? Will new generals take over? Will France even remain a democracy?

It's this very uncertainty and long instability which would make Congress reluctant to let France have American atomic weapons or a say-so on the use of those weapons, both of which De Gaulle would like.

Kennedy therefore can hardly soothe him by promising either.

Kennedy cannot afford a split with the Frenchman—for the sake of the NATO alliance and because he needs maximum Western unity when he talks this next weekend with Premier Khrushchev in Vienna.

Nor can France afford to go it alone, with Russia watching her over the rim of Eastern Europe. The Kennedy-De Gaulle talks, therefore, are likely to be polite but not particularly productive.

The Communist Plot

By Victor Riesel

A Look At Reds' Global Labor Apparatus

While Chairman N. S. Khrushchev is preparing to meet and talk military peace with President John Kennedy, the Soviet leader is at the same time working on plans to unleash riots, massive work stoppages and general strikes on the streets of the capitalist capitals of the world.

Victor Riesel

There are documents proving that Chairman Khrushchev assigned one Louis Saillant, a Frenchman, to develop strategy for economic and industrial paralysis of the non-Communist world.

Saillant runs the Soviet's global labor apparatus, The World Federation of Trade Unions (WFTU) out of Prague, not more than an hour's flight from the summit city of Vienna.

This French aide of Khrushchev has summoned all Communist labor leaders from across the world—including the Cuban labor chief Jesus Soto — to Moscow for full and personal briefings on what will be expected from them in 1962. They will gather there beginning Dec. 4 for almost two weeks of discussions.

OFFICIALLY these Soviet directed labor men from across the earth will be called delegates to the "Fifth World Trade Union Congress." Actually it will be a conference on infiltrating existing labor movements and "in unity" spurring them into industrial war on their governments.

Saillant, under orders from the Soviet Communist Party's Central Committee labor section, has set up an action committee. It's national branches are to direct this violence and sabotage in each country.

It's name — the length of which testifies to its seriousness even if a mite opera-comique—is "The International Trade Union and Legal Committee for the Defense and Extension of Trade Union Rights and for the Protection of Victims of Anti-Trade Union Repression." It's their name, I only report it.

UNDER THIS COVER, Saillant has told his own aides, the Soviet's global labor machine expects "defense protests," rioting and strikes. In a report to his own lieutenants, Saillant gave the Japanese rioting as a most satisfying example of what can be accomplished for the cause.

"If we remember," wrote Saillant, "the way in which the Japanese workers united to prevent the arrival on Japanese soil of the President of the U.S., and if we remember the international political climate at the time, we cannot but value highly the action waged by SOHYO, the most widely based trade union organization in Japan.

"This is an organization with which we have extremely fraternal relations and with which we cooperate."

For the first time, Saillant revealed the role the international Communist labor apparatus played in other violent strikes which toppled governments.

"IN ADDITION," said Khrushchev's global labor operative, "a short time after the General Council (high command of the WFTU) met in Peiping, a vast mass movement took shape in Italy in defense of democratic liberties and principals, the CGIL (Communist controlled Italian Federation of Labor) launched a general strike movement.

Powerful demonstrations were held throughout Italy and workers paid with their lives for their part in these struggles.

Here again, in hard facts, we saw the bridge between the views expressed by Peiping General Council and the bitter reality of working class struggles.

"We saw confirmed the great possibilities of action by the mass of the workers, since the struggle undertaken by the Italian workers was also to lead to the fall of the Tambroni government."

Saillant also boasted in this report that the Communists were able to move in over the heads of the official leaders of the costly and violent Belgian general strike which also toppled that government.

THE INSINUATION hardly drips with subtlety. What Khrushchev, through the Saillant operation, will plan at the Dec. 4 Fifth Labor Congress in Moscow, will be internal revolutions obviating such crudities as ever, old fashioned explosive and non-nuclear arms.

From what is already known of the agenda for the Congress, Saillant probably will aim for "united" strike action in France in an effort to topple Gen. de Gaulle. Futher, he will see to it that the pro-Communist labor officials in Africa dominated by Guinea's Seku Toure, are well briefed in pushing around new governments, on that continent.

And with "imperialist United States" as the eventual prime target, the Khrushchev labor congress will see to it that Cuba's Soto and other Latin American Communist labor chiefs leave with detailed instructions on violent demonstrations south of the border. These will be aimed at forcing governments in this hemisphere to cut loose from us.

Of course Chairman Khrushchev can throw away his armaments. Why does he need them, what with such an apparatus.

Advice To Visitors

By Hal Boyle

NEW YORK (AP) — An open letter to any visiting European:

Dear Sir:

Naturally, under President Kennedy's plan to increase foreign tourist travel to the United States every patriotic American welcomes you—and the funds you bring.

We all want you to have a fine time, whether you arrive loaded with pounds sterling, francs, marks or drachmas.

But, particularly if this is your first visit here, you may feel the need of a little briefing on how to make your stay more pleasant.

Here are a few helpful hints:

First and foremost, don't buy the Brooklyn Bridge—even if the seller tenders you an apparently valid bill of sale. Local restrictions forbid the export of this particular bridge.

Remember, you are an unofficial ambassador of your own country and the people here will judge your country by how you behave. If you want to take a snapshot of a quaint American—and you will see many—politely ask his permission first.

Even if you know only a few halting American phrases, be sure to use them. The residents here always feel more warmhearted toward foreigners who make an effort, however limited, to speak to them in their own tongue.

Be sure to visit as many churches and museums as you can, as Americans are also very proud of their culture. You may find the new U.S. forms of architecture bewildering, but there is a quick way to tell the difference between a church, a supermarket, a bowling alley or a motel. You won't have to stand in line to get into the churches—and they don't give change.

You may feel that the shopkeepers are in a conspiracy to cheat you because you have a foreign accent. This is not generally true. They may be suspicious of you, however, if you tender cash in payment. Buy on the installment plan—or flash a credit card. Then they'll know you're hep.

Do not show annoyance if you give a bus driver a dollar bill and he hands you back 20 nickels. This is an old custom here, and bus drivers are granted this inalienable right by an unwritten clause in the U.S. Constitution.

The question of how to tip properly is a vexing problem in any country. There are some parts of America where, if you leave a nickel, the waiter will drop dead in sheer surprise. There are other parts where, if you don't tip 15 per cent of the bill, he may tell you to drop dead. Here you'll have to feel your own way.

But everybody likes a good spender. Spend freely. The money the United States lends your own country later may be your own.

Have a wonderful stay, and come back often!

Odd Facts

Five to six billion dollars may be spent in 1961 by all countries in the world to keep pace or gain a place in iron and steelmaking, according to Steel Facts, published by American Iron and Steel Institute. The largest outlay for any country will be the $1.2 billion planned for expansion and modernization of United States mills.

The Boy Scouts' 11th World Jamboree will be held in Greece in July, 1963. The site will be a two-mile long sandy beach bordered by 250 acres of pine forest—the spot where the famous battle of Marathon was fought in 491 B.C.

South Africa Now Republic

PRETORIA, South Africa (AP) —South Africa became a republic today with the nation mobilized against demonstrations by the nonwhite majority of its people.

Church bells at midnight and cannon at daybreak heralded the birth of Africa's 22nd independent nation—and the only one still wholly ruled by whites.

Jubilant white throngs—mostly Afrikaners who long wanted a republic free of the 51-year rule under the British crown — braved rain for night-long revelry in this administrative capital.

As the republic was born the government claimed a "total collapse" of the three-day strike launched Monday by leaders of the nation's 13 million nonwhites to demand voting rights reserved for 3 million whites.

But one African was shot dead and two wounded Tuesday night in African townships outside Port Elizabeth, where thousands of Negroes demonstrated against the government by burning South African flags.

Police moved into the African townships with armored cars but claimed they were not responsible for the shootings.

Johannesburg's streets were nearly deserted. Hundreds in the nation's biggest city had stayed home earlier in the week, but today was a holiday for most people anyway. Some Indian and Chinese merchants have kept their shops padlocked in silent protest against white supremacy rule.

South Africa Now Republic

PRETORIA, South Africa (AP) —South Africa became a republic today with the nation mobilized against demonstrations by the nonwhite majority of its people.

Church bells at midnight and cannon at daybreak heralded the birth of Africa's 22nd independent nation—and the only one still wholly ruled by whites.

Jubilant white throngs—mostly Afrikaners who long wanted a republic free of the 51-year rule under the British crown — braved rain for night-long revelry in this administrative capital.

As the republic was born the government claimed a "total collapse" of the three-day strike launched Monday by leaders of the nation's 13 million nonwhites to demand voting rights reserved for 3 million whites.

But one African was shot dead and two wounded Tuesday night in African townships outside Port Elizabeth, where thousands of Negroes demonstrated against the government by burning South African flags.

Police moved into the African townships with armored cars but claimed they were not responsible for the shootings.

Johannesburg's streets were nearly deserted. Hundreds in the nation's biggest city had stayed home earlier in the week, but today was a holiday for most people anyway. Some Indian and Chinese merchants have kept their shops padlocked in silent protest against white supremacy rule.

FOP To Sponsor Circus On June 7

The King Bros. Circus will pitch tents on the Pennsylvania Ave. lot in East End June 7 under the auspices of the Fraternal Order of Police Lodge as a benefit for its uniform fund.

It will give two performances — a matinee at 3:30 and evening show at 8. Doors to the menagerie will be open at 3 and 7. The menagerie has 50 wild animals.

The show has over 100 persons traveling in two convoys.

Performers will include the Flying Nelsons, aerialists from Vienna; the Avalon Trio of equilibrists, and the Jordan family of English acrobats in three-ring performances.

Allentown Family Leaves Hookstown

Mr. and Mrs. William Marsch of Allentown, Pa., left today after spending a two-week vacation with her sons and families, Mr. and Mrs. Willis Swearingen of Hookstown and Mr. and Mrs. Wayne Swearingen of Shippingport.

Mr. and Mrs. Dale Wilson and family of Georgetown R. D. 1 spent Tuesday with Mr. and Mrs. Irving Hall and family of Youghiogheny Dam, Confluence, Pa.

Sunny Skies Mark Holiday

reported a number of family outings taking advantage of the traditional opening day for the outdoor season.

The Stratton Super-dam said the mercury reached 53 degrees at 10 a. m., climbed to 62 at noon and rose to 64 degrees at 4 p. m., going up another degree by 7 for the day's high.

Not a single traffic mishap marred the holiday in East Liverpool. Police logged five arrests —four for intoxication and one for a minor traffic offense.

Traffic flow through main highways of Columbiana County was described as "moderate" by the Ohio Highway Patrol at Lisbon, which received no accident reports over the holiday.

William Bell, manager of Thompson Park, estimated 1,000 persons attended picnics at the park Tuesday, and about 65 patronized the pool but the water was cold.

He said the pool attendance probably totaled 150 for Saturday, Monday and yesterday. Because of school, the pool will be closed until Saturday.

A crowd estimated at 3,000 visited Tomlinson Run State Park in Pughtown during the holiday, N. T. Holbrook, park superintendent, reported. Fishing and picnicking were the main diversions.

Despite cool breezes, 45 visitors used the park's swimming pool adjacent to State Route 2. The pool opened Tuesday.

Only 45 hardy souls tried the water at the Sadie VanFossan Memorial Pool at Lisbon, which opened yesterday for a new season.

Some 7,930 visited Raccoon Creek State Park over Memorial Day, the office of George Armstrong, superintendent, reported.

The attendance included 6,000 picnicking, 350 swimming, 225 fishing, 700 boating and others 655.

There was a good attendance and swimming at Midland Veterans Memorial Swimming Pool, Memorial Day, Mrs. Malena Westlake, borough secretary, said.

Much warmer weather was forecast for today with a high of 72 to 80 and milder tonight with a low of 50 to 55. Thursday will be warm with thundershowers possible.

EAST PALESTINE — Only a small crowd tried the cool waters of the City Park swimming pool Tuesday as the park season, postponed several times because of weather, finally began. A number of family picnics were held, Thomas Quilter, manager, said. The pool will operate on a 5-to-9 p. m. schedule until school is ended for the term, and will go on a 1-to-9 p. m. schedule June 10.

Chester Memorial Services Draw 500

About 500 attended Memorial Day services at Chester's Locust Hill Cemetery Tuesday at which Lt. Cmdr. R. E. Walters of Cleveland was guest speaker.

Lt. Cmdr. Walters of the Navy Recruiting Station there, described the meaning of Memorial Day and traced the history of the observance.

The program, sponsored by the American Legion Post 121, included music by the Chester High School band, invocation by the Rev. Donald Vogel, placement of a memorial wreath by gold star mothers, and a salute, followed by "Taps."

Mrs. Jan Dietz was chairman of the program committee.

Wellsville Services Draw Crowd Of 500

More than 500 attended the Memorial Day services at Springhill Cemetery at Wellsville Tuesday morning.

The services followed a parade by various units through the main business district.

The entire program opened with a flag raising ceremony at Roadside Park on Wells Ave., during which the Rev. James Sanko of the Riverside United Presbyterian Church gave a brief address.

A faily large crowd lined the streets to watch the parade. Bennett D. Taylor Jr. of Lisbon, executive director of the Columbiana Boy Scout Council and an Army Reserve major, was guest speaker.

Taylor spoke on patriotism and what it should mean to all American citizens. "What we should do for freedom is not just think about it, but work for it," he commented.

He explained what patriotism means to him, remarking that he has been called a "flag waver" many times.

Taylor also pointed out how much value Americans should place on their citizenship. Following the services, Veterans of Foreign Wars Post 5647 held open house. A buffet lunch was served.

The program was arranged by the Wellsville Memorial Council, which consists of representatives from VFW Posts 5647 and 9285 and American Legion Post 70.

During the ceremony at the cenotaph at Lincoln Park, William Coble, commander, gave the welcome and a history of the holiday. The Rev. James N. Servey of the Ohio View Lutheran Church also spoke. Wreaths were placed by William Riddle, post chaplain, and Mrs. Leona Atkins, auxiliary president.

The post also conducted services at the Veterans Memorial Swimming Pool where wreaths were placed on the water, retrieved and placed by the flag pole.

Attorney Addresses Group At Palestine

EAST PALESTINE — Achievement of firmness in dealing with the Soviet Union was commended by Atty. Jack Cohen in a Memorial Day address at Glenview Cemetery Tuesday.

"Although participation in the United Nations and NATO has resulted in the United State's giving up part of its independence in world affairs, it has resulted in a degree of firmness in dealing with world problems," he said.

Atty. Cohen cited Memorial Day for its forgetting of the enmities of the past. The program followed a parade of veterans groups, the high school band and other organizations.

City Freeway Pushed After Rain Delays

(Continued from Page One)

near the hospital and a new pier underneath the Newell Bridge. Nicholson Pike is working under a sub - contract with Baker & Hickey.

—:—

THE COMPLETION date for the overall job specified in the State Highway Department contract is October 1962. However, the contractors hope to finish well before that time, provided they get a break in the weather.

The total cost of the work has been estimated at $6 million, including the expense of right-of-way acquisition and preparation of detailed plans. The jobs held by the two prime contractors total $3,505,777. The state's estimate was $3,701,200.

In recent days, Chapin & Chapin crews have started to build a big earth fill on the north side of W. 8th St., immediately adjoining the foot of Lisbon St. The earthen fill will be part of Ramp D, which will take traffic inbound on the new freeway and shuttle it onto the W. 8th St. "super - road," headed for Wellsville.

The earthen ramp is being built on a big grassy plot along W. 8th St. almost immediately opposite Westgate School. The grassy plot previously had been used as a neighborhood "park" and playground, as the state acquired it as part of the right-of-way when the East Liverpool - Wellsville road was built.

—:—

A BIG CUT also has been made diagonally along the hillside between Lisbon St. and W. 9th St. It will form part of Ramp D's connection between the new freeway and the existing four - lane road.

Traffic that turns off the freeway headed for Wellsville will use a bridge over the foot of Lisbon St. as part of Ramp D's connection with the existing highway.

Immediately adjoining Ramp D will be another connection for local traffic, linking Lisbon St. and W. 9th St. It will be known as the 9th St. Ext. Ramp.

The 9th St. Ext. Ramp will provide egress to Lisbon St. for residents of the Sunnyside area. Without the new ramp, their only alternative would be to use the intersection of Lisbon and W. 9th Sts. near the street department barn, where turns in either direction are extremely difficult.

Lisbon and W. 9th Sts. meet at that point in a long, narrow V, making access particularly difficult for emergency vehicles.

Earth - moving work also has started for construction of two more ramps — Ramp A and Ramp C.

—:—

RAMP C WILL lie immediately north of W. 8th St. It will handle traffic turning off the new freeway and taking Route 7 to Wellsville. On the opposite side of W. 8th St., in the area of W. 7th St. west of Jefferson St., work is under way on moving earth for Ramp A. That ramp will serve traffic moving into East Liverpool from Wellsville on W. 8th St. and wanting to turn onto the freeway to head north.

A fourth ramp will serve traffic moving into East Liverpool from Wellsville which seeks to turn onto the new freeway headed in the direction of Chester. The pedestrian bridge will serve youngsters walking to Westgate School.

To enclose Carpenters Run through that section of West End, Chapin & Chapin is installing 8-foot diameter concrete pipe.

The 8-foot diameter pipe will be used from the mouth of the enclosed run to a point up California Hollow about midway in the 1800 block in Dresden Ave. From that point on, pipe of 9-foot diameter will be used.

Generally, the diameter of the pipe widens toward the mouth of such an enclosure, rather than the reverse. But the fall of the run is steep toward its mouth, so that the additional velocity of the stream will carry the same volume of water through a smaller pipe.

Old-timers in West End have told the contractor's crews they fear the 8-foot diameter pipe will prove too small during heavy rainstorms.

—:—

THE FALL OF THE run is more gradual from the 1850 point on Dresden Ave. out California Hollow, accounting for the larger diameter pipe in that section.

Chapin & Chapin expects to continue its work here through the winter, although it will shift to other phases in cold weather. The major winter - time job will be removing and dumping thousands of yards of rock from the section of the right-of-way near the city limits.

The city freeway also will form the southernmost link in the Lake Erie - Ohio River Freeway, connecting East Liverpool and Ashtabula.

The Highway Department expects to begin work within the next year on the phase of the lake - river highway that will begin at the city limits — where the present freeway work will end — and extend north through California Hollow to a point at Sub-station.

Eventually, perhaps over a span of 10 years or more, the four-lane limited access highway will stretch from East Liverpool to Ashtabula.

IRS Holds Up Opinion On Tractor Tax

WASHINGTON (AP) — Announcement of a controversial tax exemption for donations to the Tractors for Freedom Committee has been delayed because of congressional criticism.

Mortimer M. Caplin, commissioner of internal revenue, said today the IRS won't issue an opinion until its position has been studied by the Senate-House Committee on Internal Revenue Taxation.

Caplin, in an interview, would not say what sort of decision will be made. However, other sources gave strong indications that Caplin intends to grant the tax exemption.

The IRS chief is expected to act by the end of the week. His opinion will be in the form of a letter to the tractor committee and will state that an exemption will be granted if the group meets a number of legal conditions.

The committee was formed to try to win freedom for 1,200 Cuban invasion prisoners.

The committee would buy 500 tractors which would be delivered to Cuba in exchange for the prisoners.

President Kennedy has called for public support of the program which is privately sponsored.

Kennedy has said that "tax exemption is granted as a matter of course to any 'charitable' organization engaged in the rehabilitation and assistance of needy refugees."

Sen. Harry F. Byrd, D-Va., vice chairman of the Senate-House committee, last week questioned the legality of granting the fundraising organization a tax exemption.

"A ruling of this kind would be a distortion of existing regulations," Byrd said. "This is not charity, it is blackmail."

80 To Attend Youth Camp At Tomlinson

A movie on the American flag will be screened by Weirton American Legion Post 10. A talk also is scheduled on safety measures against fires in the home.

Gus Brenda is camp director. Activities open with a supper at 6 p.m. Friday and conclude Saturday evening. William B. Murray will be in charge of the campfire program Friday night.

All 61 On Airliner Killed In Sea Crash

LISBON, Portugal (AP)—High tide was expected to wash more bodies and wreckage ashore today from a Dutch-Venezuelan airliner in which all 61 persons aboard were killed.

The four-engine jet crashed on a storm-swept Atlantic beach early Tuesday soon after taking off from Lisbon for the Azores. The plane had come from Rome and Madrid, leased by the Venezuelan airline Viasa from KLM.

There were no Americans aboard.

One American, William Aydelotte, had reservations to take the plane. Aydelotte, a former resident of Chicago, told a reporter, "I felt so good in Lisbon last night that I thought I'd wait for the next plane."

He said he still planned to fly on to the Azores.

Chill in refrigerator until set. Combine cooked, drained and cooled macaroni shells with French dressing and generous amounts of preferred garnishes; season well. Chill until ready to serve.

To serve, heap chilled macaroni shels in center of large plate or tray. Surround with greens. Carefully unmold pimiento molds and arrange, flat side down, on salad greens around macaroni shells. Makes 6 to 8 generous servings.

High Court Set For Review In Mahoning Case

COLUMBUS, Ohio (AP) — The Ohio Supreme Court today agreed to review reversal of the conviction of William Glaros, Youngstown printing firm operator, on a charge of aiding an embezzlement.

Common Pleas Court found Glaros guilty of helping John Tobin Jr., now in prison, embezzle $56,000 from the American Insurance Co. as a salesman. The prosecution claimed Glaros printed fake accident accounts and other documents used by Tobin.

An appellate court reversed the conviction for errors in Glaros' trial and the state appealed to the high court.

In other actions, the Supreme Court:

Let stand awards totaling $11,500 to Raymond Daugherty for the death of his son, Raymond Jr., 7, who was struck by the car of Alfred J. Foss near the Daugherty home east of Toledo Jan. 16, 1959.

Let stand Ross County Appellate Court reversal of a decision favoring Welfare Finance Corp. in an action by Gladys Estep to vacate a judgment on a cognovit note she allegedly signed through fraud.

Soviet Commemorates Gagarin Landing Site

MOSCOW (AP)—A commemorative pillar has been put up where Maj. Yuri Al. Gagarin landed from the world's first space flight April 12, the paper Red Star said today.

The site, it said, is across the Volga River from Saratov and 450 miles southeast of Moscow.

Red Star, published by the Soviet Defense Ministry, said members of a collective farm near the landing place decided to plant trees there and build an asphalt path to the pillar. It said a Young Pioneer camp would be organized nearby.

Soviet authorities disclosed Gagarin's takeoff and landing points in a message for the records of the International Aeronautical Federation in Paris.

They said Gagarin took off at a so-called cosmodrome at Baikonur, in western Siberia near Lake Aral.

Gagarin was boosted aloft, the message said, by a rocket with six engines developing a total of 20 million horsepower.

Man, Daughter, 9, Survive Plane Mishap

STOW, Ohio (AP)—A Northfield man and his 9-year-old daughter survived uninjured when the small plane in which they were riding hit a tree stump in a nearby housing development Tuesday.

William F. Flanagan, 37, a salesman, told the Highway Patrol the engine stalled at 1,200 feet and he picked the area being cleared for the project on which to make an emergency landing.

He said he had rented the plane from an Akron firm for a pleasure cruise and was on the way back when the engine failed.

All 61 On Airliner Killed In Sea Crash

LISBON, Portugal (AP)—High tide was expected to wash more bodies and wreckage ashore today from a Dutch-Venezuelan airliner in which all 61 persons aboard were killed.

The four-engine jet crashed on a storm-swept Atlantic beach early Tuesday soon after taking off from Lisbon for the Azores. The plane had come from Rome and Madrid, leased by the Venezuelan airline Viasa from KLM.

There were no Americans aboard.

One American, William Aydelotte, had reservations to take the plane. Aydelotte, a former resident of Chicago, told a reporter, "I felt so good in Lisbon last night that I thought I'd wait for the next plane."

He said he still planned to fly on to the Azores.

Driver Cited In $15 Truck Escapes Fine

Municipal Judge Samuel M. Chertoff Monday suspended a fine of $10 and $7.50 costs for an East End man charged with driving a truck with an expired license plate when he learned the defendant was arrested in front of a junk yard where he was headed after selling the old vehicle for $15.

Freeman C. Tarver, 46, of Ruth St., cited Monday at 10:26 a. m. on Harvey Ave. for driving a truck with 1960 tags, explained to the judge he was delivering the vehicle to the Tucker Auto Wrecking Co., which had purchased it.

After confirming the defendant's story with the junk yard operator by telephone, the judge decreed the suspended fine. He pointed out the $17.50 penalty would have exceeded the sale price of the old truck.

Another man who claimed he was a victim of circumstances also escaped with a suspended fine today after pleading guilty to operating an auto without a driver's license.

He is Dean E. Smith of Smithfield, W. Va., who was cited at 4:33 a. m. Tuesday on Market St. Smith told the judge he was driving the car of an unidentified motorist who picked him up as a hitch-hiker.

Smith said he came to East Liverpool to take a job as a construction worker and was to start on the job this morning. He said he volunteered to drive the car of his benefactor, a Wheeling resident.

Judge Chertoff gave him a suspended fine of $25 and costs.

Meanwhile, Anthony Giarrusso, 27 Hillcrest Manor, is due for a hearing Friday at 9 a. m. on a charge of passing over a yellow line. He posted a $17.50 bond after he was cited by the State Highway Patrol Tuesday at 8:30 p. m. on Route 30.

The patrol reported Giarrusso passed another vehicle on the downgrade of the three - lane stretch near West Point, which is yellow-lined to permit one southbound lane and two northbound lanes.

The girl began running to the house, but Duke kept jumping at her, sinking his teeth into her burning skirt, finally tearing it from her body. Penny received burns over 50 per cent of her body. Duke has been named as one of 10 dogs to be selected in Chicago in August as the outstanding dog of the year. (UPI Telephoto)

Ohio Blue Laws Seen Unaffected By U.S. Ruling

COLUMBUS, Ohio (AP)—Ohio's so-called blue laws are not affected by the recent U.S. Supreme Court decision upholding such statutes in other states, Atty. Gen. Mark McElroy's office said today.

The Ohio Supreme Court has consistently upheld Ohio blue laws as being valid, constitutional and enforceable enactments. The first Ohio decision was in 1898; the latest in 1958.

The Ohio revised code (Section 3773.24) prohibits persons, firms or corporations from engaging in common labor or permitting the operation of a business on Sunday. Work of necessity or charity is exempted.

The statute does not apply to persons who "observe the seventh day of the week as the sabbath, and abstain thereon from doing things prohibited on Sunday".

The law does not apply to: traveling and the services and commodities incidental thereto; recreation, sports, amusements, entertainment or exhibitions; state, county and independent fairs, and publicly owned places of entertainment, recreation or education.

The 1959 Legislature liberalized Ohio blue laws to some extent but left them generally intact.

Sidewalks' Sweeping Adds To Street Litter

Employes of downtown stores who sweep litter off sidewalks each morning should pick up the refuse rather than shoving it over the curb onto the street, Safety-Service Director Lee Copenhaver said today.

An added moment of work on the part of each sidewalk—sweeper would cut down greatly on the amount of refuse and dirt on the streets, the director said.

Copenhaver said similar reminders in the past have brought compliance from some business establishments, but others continue to litter the streets.

Dear friends,

We recently listened to an address in which the speaker said success in any line depends upon one's usefulness. In other words, we succeed or we fail in proportion to our usefulness to the people we serve.

We have always believed in that idea. Every improvement we have made, each item of new service has been added with a view to increasing our usefulness to our patrons.

HEROIC DOG. Duke, a collie owned by Penny Elaine Grantz, 10, of Niles, is more than a playmate. Penny's skirt caught fire as she was lighting a rubbish fire in the backyard of her home. The girl began running to the house, but Duke kept jumping at her, sinking his teeth into her burning skirt, finally tearing it from her body. Penny received burns over 50 per cent of her body. Duke has been named as one of 10 dogs to be selected in Chicago in August as the outstanding dog of the year. (UPI Telephoto)

Ohio Blue Laws Seen Unaffected By U.S. Ruling

COLUMBUS, Ohio (AP)—Ohio's so-called blue laws are not affected by the recent U.S. Supreme Court decision upholding such statutes in other states, Atty. Gen. Mark McElroy's office said today.

The Ohio Supreme Court has consistently upheld Ohio blue laws as being valid, constitutional and enforceable enactments. The first Ohio decision was in 1898; the latest in 1958.

The Ohio revised code (Section 3773.24) prohibits persons, firms or corporations from engaging in common labor or permitting the operation of a business on Sunday. Work of necessity or charity is exempted.

The statute does not apply to persons who "observe the seventh day of the week as the sabbath, and abstain thereon from doing things prohibited on Sunday".

The law does not apply to: traveling and the services and commodities incidental thereto; recreation, sports, amusements, entertainment or exhibitions; state, county and independent fairs, and publicly owned places of entertainment, recreation or education.

The 1959 Legislature liberalized Ohio blue laws to some extent but left them generally intact.

Accidental Poisoning Kills Portage Man

AKRON, Ohio (AP)—A Portage Lakes man died of accidental poisoning after mixing what he thought was alcohol with lemon juice, Summit County Coroner W. J. Pittenger ruled today.

Sheriff's deputies said several other persons were made sick when they drank the mixture containing what was identified as ethylene tetrachloride, an industrial solvent. They were treated at Citizen's Hospital in nearby Barberton. None was reported serious.

The victim was Phillip Brady, 43, of 3243 State Park Dr., a compound mixer in Barberton.

Deputies said Brady entertained several guests at a party in his home Sunday. He collapsed at work Monday and died a short time later at Citizen's Hospital.

Sidewalks' Sweeping Adds To Street Litter

Employes of downtown stores who sweep litter off sidewalks each morning should pick up the refuse rather than shoving it over the curb onto the street, Safety-Service Director Lee Copenhaver said today.

An added moment of work on the part of each sidewalk—sweeper would cut down greatly on the amount of refuse and dirt on the streets, the director said.

Copenhaver said similar reminders in the past have brought compliance from some business establishments, but others continue to litter the streets.

Dear friends,

We recently listened to an address in which the speaker said success in any line depends upon one's usefulness. In other words, we succeed or we fail in proportion to our usefulness to the people we serve.

We have always believed in that idea. Every improvement we have made, each item of new service has been added with a view to increasing our usefulness to our patrons.

Respectfully,

Richard C. Martin

Boring Public With TV, Radio Ads Criticized

WASHINGTON (AP) — The right to advertise doesn't include "the right to bore—to bore the blazes out of 170 million Americans."

That's the advice given today to the Advertising Federation of America by its new board chairman, John P. Cunningham of New York.

Cunningham is chairman of Cunningham & Walsh, Inc.

"We must recognize that when we load the television screen with arrows running around people's stomachs and hammers banging away inside their brains—we are boring the public," he said.

"We must recognize that when we plaster five different commercial messages right after one another at station break time—we are boring the public.

"We must recognize that there is something very boring about radio programming that alternates two minutes of music with one minute of commercial.

"It is not all broadcasting by any means. In the public print there are certain schools of advertising, that are boring me a bit by their imitativeness. The vodka ads seem to run in schools: all the cigarettes that filter out the bad but so sensitively let the flavor through."

Air Force Gets 'Tips' From Moths, Beetles

BUFFALO, N. Y. (AP) — Air Force studies on moths, beetles may result in new aircraft equipment, a research executive says.

Brig. Gen. Benjamin G. Holzman of the Air Force says studies of a moth's ear show that if it were copied electronically, the result would be a cheap and efficient high-frequency microphone.

As a result of studies of a beetle's seeing apparatus, he says, the Air Force is developing the most accurate ground speed indicator ever devised for aircraft.

Boring Public With TV, Radio Ads Criticized

WASHINGTON (AP) — The right to advertise doesn't include "the right to bore—to bore the blazes out of 170 million Americans."

That's the advice given today to the Advertising Federation of America by its new board chairman, John P. Cunningham of New York.

Cunningham is chairman of Cunningham & Walsh, Inc.

"We must recognize that when we load the television screen with arrows running around people's stomachs and hammers banging away inside their brains—we are boring the public," he said.

"We must recognize that when we plaster five different commercial messages right after one another at station break time—we are boring the public.

"We must recognize that there is something very boring about radio programming that alternates two minutes of music with one minute of commercial.

"It is not all broadcasting by any means. In the public print there are certain schools of advertising, that are boring me a bit by their imitativeness. The vodka ads seem to run in schools: all the cigarettes that filter out the bad but so sensitively let the flavor through."

Air Force Gets 'Tips' From Moths, Beetles

BUFFALO, N. Y. (AP) — Air Force studies on moths, beetles may result in new aircraft equipment, a research executive says.

Brig. Gen. Benjamin G. Holzman of the Air Force says studies of a moth's ear show that if it were copied electronically, the result would be a cheap and efficient high-frequency microphone.

As a result of studies of a beetle's seeing apparatus, he says, the Air Force is developing the most accurate ground speed indicator ever devised for aircraft.

Bringing Up A Family

By GARRY C. MEYERS

Indulgence Creates Future Tyrant

In recent months and years you may have read descriptions of tyranny by teenagers over their parents. Some of the most famous writers on this subject, read and heard by millions, are saying that parents should muster up courage and say No to the disobedient or tyrannical youth. But paradoxically, these often are the very same writers who were foremost in leading parents to give these children more freedom when they were mere tots. They were propagandists for excessive permissiveness. One might reasonably suppose they would apologize to these parents now for having misled them earlier. Such confession might give these writers added peace of mind.

Dr. Garry Meyers

HOW ABSURD to tell parents to stiffen up and say No to the defiant youth now, who had never learned in his earlier years to respect this simple, short word.

These warnings to parents are generally made in connection with the upsurge of juvenile delinquency and the excessive tyrannous demands by many youths of their parents for money and more money to spend.

But when have you heard or read from these writers that the hope of cultivating obedience in the teen-ager of the future, and of curbing his demands for money, lies in teaching the tot the meaning of No right now, and in not relaxing on this teaching as he grows older?

As I have often pointed out in this column, a promising way to curb and reduce juvenile delinquency, eight or ten years hence, is to begin with the child as soon as he can toddle, using the hand when necessary to teach him to respect No.

—:—

MANY TEEN-AGERS today were tots from two to ten when the doctrine of restraint - to - the winds was accepted by their parents as the right theory and practice of dealing with them. Many parents, scared now to say No to their teen-ager, were scared to say No to him when he was only three or four.

They were not so much scared of the youngster then as of the most popular experts on child rearing; and, therefore, of their adult friends who accepted the doctrine of excessive permissiveness.

So if you are to emerge from our national disgrace of teen-age tyranny and juvenile delinquency, the parents of children now in the nursery will help to do it.

But while a few of them are convinced that they should and can bring up their little ones to be parent-respecting young citizens, the momentum of excessive permissiveness is so great that we can't hope to see it checked for a good many years.

My bulletins, "How to Teach Child Meaning of No" and "How Juvenile Delinquency Can Be Curbed," may be had by sending a self - addressed, stamped envelope to me in care of this newspaper.

New officers of the Midland Leopard Boosters Club, left to right, are: John Milkovich, secretary; Alex Vranes, outgoing president; Henry (Hank) Kuzma, vice president; James J. (Sonny) Migliore, president, and Clement Migliore Jr., corresponding secretary.

James Harty, treasurer, was absent. Officers and directors met Monday evening to plan committees for a Christmas holiday tournament and for erection of a billboard in front of the new gymnasium and administration building on which sport schedules will be posted.

New officers will be installed at the club's June 11 meeting in the lyceum of the Presentation Catholic Church. The club plans to attend a baseball game July 28 at Pittsburgh.

Crippled U.S. Plane With 104 Aboard Safe

SHANNON, Ireland (AP) — A crippled American airliner with 104 persons aboard—mostly women and children—today limped hundreds of miles over the Atlantic to a smooth landing here.

The Superconstellation ferrying U. S. military personnel and their families from Germany to McGuire Air Force Base, N. J., was forced to turn back two hours after leaving Shannon when one of its four propellers ran wild and the pilot could not feather it.

One of the aircraft escorting President Kennedy to Europe offered assistance but was not needed. A Pan American airliner in the vicinity shepherded the crippled plane to safety.

Forty children were among the 95 passengers aboard the airliner, 20 of them babies in arms.

Hancock Has Lone Mishap Over Holiday

One minor traffic mishap marred an otherwise quiet Memorial Day holiday on Hancock County roads, the office of Sheriff Joseph H. Manypenny in New Cumberland reported today.

The accident occurred Tuesday at 3:35 p.m. on Kings Creek Rd., about half a mile west of State Route 2, near Weirton.

Deputies said Donald Dick, 19, of Weirton rounded a curve too fast and slid into the car of George R. White, 24, of Utica.

Ohio Counts Only 14 Dead On Highways

By The Associated Press

Although the national Memorial Day weekend traffic death toll went to new heights, Ohio's toll was the lowest in years and the actual Memorial Day count fell short of the predicted total.

Between 6 p.m. Friday and midnight Tuesday—4¼ days—14 persons died on Ohio's highways. Five were killed Tuesday, three of these in one accident in Ashtabula County. Two more persons hurt earlier in the weekend died Tuesday.

Comparing the 1961 toll with those of past years and even last weekend it was a safe and sane holiday. Last weekend 25 were killed. On the 1960 Memorial Day weekend, 3¼ days long, 29 died on the state's highways and in 1959, over a 2¼-day span 22 perished.

The over - all accidental death toll climbed to 24. One man was killed in a boating accident, four others—including three children—drowned, three died in fires, one youngster was fatally shot and an elderly farmer died when a bulldozer upset.

A Highway Patrol officer opined that the fact Monday was a working day for many people, breaking up the holiday period and discouraging long trips, saved perhaps as many as 20 lives.

The fatalities since Monday:

Monday

Jeff Runner, 6 months, in a fire in his home in Vandalia.

Miss Lola M. Baughman, 27, Rt. 2, Granville, when her car collided with a tractor-trailer truck on Ohio 16 east of Newark.

Clarence Malone, 50, Columbus, of burns received Saturday when he apparently fell asleep while smoking in an overstuffed chair at his home.

An unidentified man, about 65, stepped into the path of a car in Cleveland.

Loretta Dill, one month, Cleveland, Tenn., in a head-on collision on old U.S. 25 near Troy.

Tuesday

James Sizemore, 19, Temperance, Mich., when his car hit a power pole in Toledo.

Mark Steven Young, 9, drowned in a five-foot-deep mud hole in Columbus.

Darryl K. Chamberlain, 11, Cincinnati, drowned trying to retrieve his shoe from a pond in Cincinnati.

Emil Ondus, 46, Fairport Harbor; his wife, Veronica, 42, and Mrs. Bertha Lyzwa, 61, Orwell, in an auto collision on U.S. 322, three miles west of Orwell in Ashtabula County.

Robert H. Williams, 51, Steubenville, apparently drowned after he fell from a barge at the Fort Steuben Boat Club he operated.

Arthur M. Cullins, 52, Rt. 2, Dresden, of injuries suffered Monday when he was struck by a car while directing traffic at a construction project along U.S. 40, two miles west of Zanesville.

Michael Hawkins, 16, Dayton, of injuries suffered Saturday when he was struck by a hit-skip motorist near his home.

Raymond Harvey, 3 months, in Ravenna, in a two-car collision on Ohio 88 about 10 miles north of Ravenna.

Hearing Due Monday On Non-Support Case

Municipal Judge Samuel M. Chertoff today continued until Monday a hearing for Eugene Paul Michaels, 1669 Ohio Ave., who was jailed last Monday on a non-support charge filed by his wife, Mary Margaret Michaels.

Michaels pleaded not guilty when arraigned this morning. The affidavit alleges he has failed to support three minor children. The continuance was granted when the defendant asked time to obtain counsel.

Michaels had been in jail since Monday in default of a $100 bond. Judge Chertoff ordered him released on his own recognizance to appear Monday.

Traffic Kills 7; 2 Drowned

By The Associated Press

For the families of seven West Virginians, it was a bleak Memorial Day weekend. They lost loved ones in accidents over the state.

The Associated Press survey, which includes accidental deaths occurring between 6 p. m. last Friday and last midnight, showed at least five persons died in traffic accidents while two others drowned. And the toll could be nudged higher by late reports.

Here is a day-by-day list of the fatalities:

Saturday

Charles Leo Cole, 17, of the Gilmer County community of Coxs Mills, was fatally injured when his auto went out of control while passing another car and crashed into a parked truck and then a barn.

Thurman Ray Fike of Limestone, Mineral County, was killed when the auto in which he was a passenger overturned south of Keyser.

James Edward Nicholas, 35, of Layland, Fayette County, died when his car spun out of control on a curve south of the community and overturned.

Sunday

Arnold Pack, 22, of Beckley, drowned in Bluestone Reservoir when the boat in which he was riding capsized.

Monday

Donald Ray Thompson, 14, of Beverly, Randolph County, was killed when an automobile in which he was riding went over an embankment in Barbour County.

Notley Russell Ash, 71, of near Lumberport, was struck and killed by an automobile at Wallace, Harrison County.

Tuesday

Douglas Frank Denoff, 10, of Lansing, Fayette County, drowned in the New River while fishing with his father.

Plea For Patience

Kennedy

(Continued from Page One)

chiefs headed a motorcade into the city, through the spacious Place de la Concorde and back across the Seine River to the Quai D'Orsay, the Foreign Ministry building where state visitors are housed.

In the heart of the city Kennedy was given the traditional 101-gun salute for a visiting chief of state. As he drove through the avenues with De Gaulle he was cheered and applauded as was the First Lady.

"I have neither held nor planned any talks that are more important," said Kennedy in obvious answer to critics who felt he should have deferred his meeting with Khrushchev so as not to detract from the importance of his talks with the French president.

"Our common goals," said Kennedy in his brief arrival speech at Orly Airport, "are greater Western unity and strength—the preservation of freedom—and the day when France will never again be a beachhead for war but a fountainhead of peace.

"I come not merely because of the past but because of future associations in the defense of the West—in the defense of freedom everywhere," the President continued. "Once again France under a great captain is the central figure of the common effort."

Kennedy saluted France as "our oldest friend" and "since before my nation's birth the well-spring of Western philosophy and ideas."

"But I am here to pay tribute to France, not for her past glory but for her present greatness," Kennedy declared.

The 70-year-old French president shook his 44-year-old guest's hand with warm cordiality and said "we have never known Americans other than as allies and friends."

De Gaulle's statement was translated into English and Kennedy's into French.

Mrs. Kennedy followed her husband from the giant jet airliner. She was welcomed by Mme. de Gaulle.

The presidential plane came down from a thinly overcast sky, and a brisk damp wind rippled the flags at Orly Field, carrying a promise of rain later in the day. But the scene was resplendent, in the great tradition of this city of gaiety and pageantry.

Members of the Republican Guard formed an honor guard along with units of the French army, navy and air force. The Republican Guard was brilliant in their red-plumed gold helmets, blue jackets, white trousers and black boots. A French air force band played the Star-Spangled Banner and the Marseillaise.

Access to the airport was limited to invited persons, including a large number of U.S. officials and their wives, French officials and diplomats. A large group of American school children watched from a little distance.

When the welcoming ceremony was ended, Kennedy and De Gaulle began a 35-minute ride into the city.

The U.S. chief executive, who took off from New York Tuesday night on his first state visit to Europe, will fly on to Vienna Saturday for a two-day conference with Soviet Premier Khrushchev.

Kennedy set the stage for his European venture in summit diplomacy Tuesday night in a broadcast to the French people, saying "this is a dangerous time for us all." Speaking specifically of his meeting with Khrushchev, he said he hoped through better understanding to "lessen the chance of miscalculation" by the Soviet leader.

"If we can reach a greater understanding on the question of (nuclear) testing and disarmament, perhaps on Laos, perhaps on general matters which divide us," he said.

The 350th anniversary of tobacco — America's oldest industry — will be celebrated by the Jamestown, Va., Foundation in 1962.

Feared Even Worse Nazi

Jews In Hungary Decided Not To Kill Eichmann

By THOMAS A. REEDY

JERUSALEM (AP)—The Jews in Hungary decided against trying to kill Adolf Eichmann for fear that Nazi Germany had men in reserve who were even worse, a survivor of the World War II slaughter testified today.

Hansi Brand told the Eichmann trial court the Jewish leaders in Budapest were so frantic in the summer of 1944 that they frequently discussed the possibility of assassinating the Gestapo chief who directed the extermination of Europe's Jewry.

But "we were convinced that maybe someone else would come in his place and the death mills would continue maybe at an increased pace," Mrs. Brand said.

Eichmann, chief of the Gestapo's Jewish Affairs Office in Berlin, took to the field in Hungary to hasten deportations to the Auschwitz gas chambers. Evidence has been introduced that this pace reached as high as 12,000 a day.

Mrs. Brand and her husband, Joel, were cross-examined by the court and by Eichmann's defense counsel on their testimony of events in Budapest. They were also taken again over the ground of Joel Brand's mission to Turkey and Palestine with Eichmann's offer to trade one million Jewish lives for 10,000 trucks to be used on the Soviet front.

Both witnesses reiterated that the Eichmann proposal stemmed directly from Gestapo Chief Heinrich Himmler as early as April-May 1944.

Brand said it was, in his opinion, a move by Himmler to use the remaining two million Jews in Europe as a wedge for broader negotiations with the Western allies.

Himmler's effort to salvage something out of the growing wreckage apparently infected all the SS officers in Budapest, Brand said.

"The SD (security police), the SS intelligence and even the Hungarian counter-intelligence, all of a sudden tried to curry our favor," the witness said.

Only Eichmann seemed impervious to the atmosphere of that time, both of the Brands said.

Control Group Taking New Step To Halt Laos Fighting

By CARL HARTMAN

GENEVA (AP) —The control commission of India, Canada and Poland notified the East-West conference in Laos today that it is taking a new initiative to halt the fighting in the Southeast Asian kingdom.

The commission dispatched a report of plans to send truce teams to trouble spots, including Padong, where Meo tribesmen loyal to the pro-Western Vientiane government are under attack from the artillery of the pro-Communist Pathet Lao rebels.

The commission said it would also send truce teams to the areas of Tchepone and Phalane-Moung Phing-Sepane.

The commission's report arrived as the conference seemed about to resume after a week's recess to hear the United States demand an end to Communist violations of the cease-fire.

The Soviet Union was expected to counter with a declaration putting emphasis on getting a political settlement in the strategic jungle nation.

Britain and the Soviet Union, as co-chairmen of the conference, reached a tentative agreement Tuesday to resume the sessions in a move that could clarify East-West positions before President Kennedy and Soviet Premier Khrushchev meet in Vienna this weekend.

Water Safety Course Registration Dates Set

Registrations for the annual water safety program of the East Liverpool Red Cross will be accepted until June 12 at the chapter office in Mary Patterson Memorial, Director Jack Frontone announced today.

The course is free to all in the community over the age of 6. All application cards must be signed by a physician and those under 21 must have a parent's signature as well, Frontone said.

The program will be divided into two three-week instruction periods, the first beginning June 12 and the second July 3. Junior and senior life-saving will be taught from 9 to 10 a. m., followed by swimming classes for beginning, intermediate and advanced pupils from 10:30 a. m. to noon.

A special course for instructor aides will be held for one week, beginning next Monday, at 10 a. m. at the chapter office.

Eligibility for the Senior life-saving course will be based on the applicant's competence in a swimming test, which will include diving, swimming with various strokes, treading water and floating.

Boys and girls from 12 to 15, or in the seventh to 10th school grades, will be eligible for the junior life-saving course if they pass a similar swimming test.

A water show and presentation of certificates will climax the program July 28, Frontone said. The 1960 water safety program resulted in certificates being issued to 239 swimmers and special letters of commendation to two local youths, Richard Stovall and Joe Burke, who effected successful rescues in separate incidents.

Arrangements for this year's program are being handled by Mrs. R. J. Schiff, water safety chairman; Mrs. Charles R. Wagoner, Mrs. Richard Martin and James Walker. Judge Louis Tobin is chapter president.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Our daughter-in-law writes us a letter about once every four months. Usually it's to say thanks for a gift.

Several weeks ago I wrote and asked her to please send us some snapshots of our three grandchildren. They are beautiful youngsters and since she refuses to bring them here to visit (too much trouble) we'd like to show our friends pictures of the children.

This morning the snapshots arrived with this note: "Please mark an X with light lead pencil on the back of the snapshots you like. Then return the pictures to me and I'll send you the negatives so you can have prints made."

What is your opinion of someone this cheap? — NO WORDS.

—:—

Dear Grandma: The same as yours—and I don't have any words either.

The Retort Proper

Dear Ann: After seven years of trying to have a family we decided to put our names in for an adopted child. Last week the agency called and told us that our baby had been born and we could come for him in a few days.

Sunday we attended a family dinner at mother's home and my husband announced the good news. My aunt who has a voice like a foghorn bellowed: "Obviously one of you can't have children. Has the doctor told you which one is at fault?"

I was flabbergasted and so was my husband. She then repeated the question in an even louder voice. I was steaming mad and replied, "What difference could it possibly make to you?"

My aunt turned red and snapped back, "Too bad your mother never taught you to respect your elders." Then she left.

Mother says I was rude and that Auntie meant well. Do you feel I owe her an apology as mother says? — STILL STEAMING.

—:—

Dear Still: "Meant well" my eye. People who ask such intimate and tasteless questions should be hauled up short. Congratulations to you for having done it.

Parents Of Groom

Dear Ann: Our daughter, an only child, received her engagement ring last December. The wedding is to be in the fall. She asked that we put the money into a wedding reception rather than spend it on an engagement party and we agreed.

The announcement of the engagement appeared in the newspaper and all our friends have congratulated us.

We have never met the parents of the young man and they have not even phoned us.

It is my understanding that the groom's parents have the obligation to seek out the parents of the bride. It appears that they have no intention of doing the proper thing.

If we do not meet them before the wedding, how shall we act when they finally show up? — A MOTHER.

—:—

Dear Mother: The boy's parents are obviously ignorant, stubborn or both. Please, for your daughter's sake, don't stick to the rules of etiquette.

Call the boy's parents and invite them to your home soon. If you don't wish to have them for a meal, invite them for a cup of coffee.

Young married couples start out with enough problems. Don't saddle them with two sets of warring parents.

Confidentially

TO BARGED IN ON: I don't know what variety of nerve you think it takes to protect your privacy but if you don't have it no one can do anything for you.

TO WANTING TO DO THE RIGHT THING: Don't press an 80-year-old mother to move to your city if she is content with her lifelong friends and is active, busy and healthy. She is better off there.

—

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Keep In Trim

By IDA JEAN KAIN

Meal Planning Aids In Curbing Calories

Ida Jean Kain

The easiest way to reduce and control weight is to get a system of meal planning that fits your day-in and day-out calorie requirements . . . and at the same time provides the nutrients needed to keep you in a fine state of body repair.

Plan each of the three meals around foods which stick-to-the-ribs and keep you from feeling hungry between meals. Protein foods have a high satiety value. Eat an egg or two at breakfast; cottage cheese, yellow cheese, or fish at lunch; and lean meat or chicken for dinner.

On the calorie score, five ounces (cooked weight) of lean-and-marbled meat count 350 calories. Bear in mind these calories do not include the fat rim of the meat or any separable fat. If you choose broiled or baked chicken, count 4 ounces at 225 calories.

—:—

DO NOT EAT the skin. Non-fat fish, such as filet of sole, flounder, or ocean perch, is lower in calories than meat or chicken. When butter is needed in cooking fish, allow a teaspoon for a pound and stretch it with lemon juice.

Vegetables are protective foods so take your choice. A good plan is to choose only one starchy vegetable such as a potato or a medium ear of corn or a half cup of lima beans or rice. A modest serving of a starchy vegetable averages 100 calories.

Choose another vegetable, preferably a green or yellow, and count the calories at 25 to 40 for a liberal serving. Limit butter to a half teaspoon for flavoring the vegetables.

Here again, lemon juice helps to stretch the butter and adds to flavor. At a meal that includes a starchy vegetable, simply skip the bread.

Fruits add variety, flavor, and protection. Since a citrus fruit is a daily essential, allow 50 calories for a small glass of fruit juice, and allocate 150 calories for two other fruits.

Milk is needed, a pint daily. In order to save calories, choose skim milk, buttermilk, or non-fat dry milk powder. If skim milk seems too thin, enrich it by stirring in a tablespoon of dry skim milk powder.

The calorie count is 170 for a pint of skim milk, plus 28 calories for one level tablespoon of dry skim milk powder.

What about bread? Thinly-sliced bread counts about 50 calories per slice. This can be lightly buttered with a half-pat, and the total count is 75 calories. If you choose a high-starchy vegetable, limit the bread to two thin slices daily. Or you may prefer cereal at breakfast in place of toast.

—:—

THE PROTECTIVE foods can all be included in adequate amounts for 1000 calories. For many of you this leaves a leeway of a hundred or two hundred calories a day.

Surprisingly enough, even with all this food you can lose a pound and a half of fat a week. When you start a reducing diet, you may even lose more since part of the initial loss will be water from the tissues.

That's the story — happy slimming with this automatic calorie system.

Send a long, self - addressed envelope for "Revised Calorie Chart." Address your request to Ida Jean Kain, in care of this newspaper. Postcard requests cannot be answered.

Leukemia Takes Bride Of 10 Days

REDLANDS, Calif. (AP)—Nancy Fortune, 17, a bride of 10 days, is dead. She never knew her marriage to her childhood sweetheart, Dwight Twomey, was doomed.

Their wedding was planned for years, as they grew up together in nearby Riverside. But Dwight was called for military service, and they decided to wait until he was free.

Twomey went to Okinawa for 13 months, with the Marines. In that time Nancy fell ill. She was brought to Community Hospital here, and Dwight, 19, came home.

They were married last week at the hospital's chapel, in the presence of the family and a few friends. Nancy went back to her hospital bed for more treatment, cheered by dreams of her life with Dwight.

Her husband and relatives knew she hoped in vain. But Nancy never learned that she had leukemia, which took her life Monday night.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Our daughter-in-law writes us a letter about once every four months. Usually it's to say thanks for a gift.

Several weeks ago I wrote and asked her to please send us some snapshots of our three grandchildren. They are beautiful youngsters and since she refuses to bring them here to visit (too much trouble) we'd like to show our friends pictures of the children.

This morning the snapshots arrived with this note: "Please mark an X with light lead pencil on the back of the snapshots you like. Then return the pictures to me and I'll send you the negatives so you can have prints made."

What is your opinion of someone this cheap? — NO WORDS.

-:-

Dear Grandma: The same as yours—and I don't have any words either.

The Retort Proper

Dear Ann: After seven years of trying to have a family we decided to put our names in for an adopted child. Last week the agency called and told us that our baby had been born and we could come for him in a few days.

Sunday we attended a family dinner at mother's home and my husband announced the good news. My aunt who has a voice like a foghorn bellowed: "Obviously one of you can't have children. Has the doctor told you which one is at fault?"

I was flabbergasted and so was my husband. She then repeated the question in an even louder voice. I was steaming mad and replied, "What difference could it possibly make to you?"

My aunt turned red and snapped back, "Too bad your mother never taught you to respect your elders." Then she left.

Mother says I was rude and that Auntie meant well. Do you feel I owe her an apology as mother says? — STILL STEAMING.

-:-

Dear Still: "Meant well" my eye. People who ask such intimate and tasteless questions should be hauled up short. Congratulations to you for having done it.

Parents Of Groom

Dear Ann: Our daughter, an only child, received her engagement ring last December. The wedding is to be in the fall. She asked that we put the money into a wedding reception rather than spend it on an engagement party and we agreed.

The announcement of the engagement appeared in the newspaper and all our friends have congratulated us.

We have never met the parents of the young man and they have not even phoned us.

It is my understanding that the groom's parents have the obligation to seek out the parents of the bride. It appears that they have no intention of doing the proper thing.

If we do not meet them before the wedding, how shall we act when they finally show up? — A MOTHER.

-:-

Dear Mother: The boy's parents are obviously ignorant, stubborn or both. Please, for your daughter's sake, don't stick to the rules of etiquette.

Call the boy's parents and invite them to your home soon. If you don't wish to have them for a meal, invite them for a cup of coffee.

Young married couples start out with enough problems. Don't saddle them with two sets of warring parents.

Confidentially

TO BARGED IN ON: I don't know what variety of nerve you think it takes to protect your privacy but if you don't have it no one can do anything for you.

TO WANTING TO DO THE RIGHT THING: Don't press an 80-year-old mother to move to your city if she is content with her lifelong friends and is active, busy and healthy. She is better off there.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Keep In Trim

By IDA JEAN KAIN

Meal Planning Aids In Curbing Calories

The easiest way to reduce and control weight is to get a system of meal planning that fits your day-in and day-out calorie requirements . . . and at the same time provides the nutrients needed to keep you in a fine state of body repair.

Ida Jean Kain

Plan each of the three meals around foods which stick-to-the-ribs and keep you from feeling hungry between meals. Protein foods have a high satiety value. Eat an egg or two at breakfast; cottage cheese, yellow cheese, or fish at lunch; and lean meat or chicken for dinner.

On the calorie score, five ounces (cooked weight) of lean-and-marbled meat count 350 calories. Bear in mind these calories do not include the fat rim of the meat or any separable fat. If you choose broiled or baked chicken, count 4 ounces at 225 calories.

—:—

DO NOT EAT the skin. Non-fat fish, such as filet of sole, flounder, or ocean perch, is lower in calories than meat or chicken. When butter is needed in cooking fish, allow a teaspoon for a pound and stretch it with lemon juice.

Vegetables are protective foods so take your choice. A good plan is to choose only one starchy vegetable such as a potato or a medium ear of corn or a half cup of lima beans or rice. A modest serving of a starchy vegetable averages 100 calories.

Choose another vegetable, preferably a green or yellow, and count the calories at 25 to 40 for a liberal serving. Limit butter to a half teaspoon for flavoring the vegetables.

Here again, lemon juice helps to stretch the butter and adds to flavor. At a meal that includes a starchy vegetable, simply skip the bread.

Fruits add variety, flavor, and protection. Since a citrus fruit is a daily essential, allow 50 calories for a small glass of fruit juice, and allocate 150 calories for two other fruits.

Milk is needed, a pint daily. In order to save calories, choose skim milk, buttermilk, or non-fat dry milk powder. If skim milk seems too thin, enrich it by stirring in a tablespoon of dry skim milk powder.

The calorie count is 170 for a pint of skim milk, plus 28 calories for one level tablespoon of dry skim milk powder.

What about bread? Thinly-sliced bread counts about 50 calories per slice. This can be lightly buttered with a half-pat, and the total count is 75 calories. If you choose a high-starchy vegetable, limit the bread to two thin slices daily. Or you may prefer cereal at breakfast in place of toast.

—:—

THE PROTECTIVE foods can all be included in adequate amounts for 1000 calories. For many of you this leaves a leeway of a hundred or two hundred calories a day.

Surprisingly enough, even with all this food you can lose a pound and a half of fat a week. When you start a reducing diet, you may even lose more since part of the initial loss will be water from the tissues.

That's the story — happy slimming with this automatic calorie system.

Send a long, self-addressed envelope for "Revised Calorie Chart." Address your request to Ida Jean Kain, in care of this newspaper. Postcard requests cannot be answered.

Thursday–Big Day For Allen . . .

Tomorrow is the big day for Bernie Allen, who is expected to sign with a major league club. He is returning to East Liverpool for the occasion.

He took his final examination today at Purdue and now the doors are open and the pens filled with ink.

At this time, the Minnesota Twins, who have waved a handsome bonus in front of Allen, appear to have the inside track.

However, another club has appeared on the scene with a solid selling point. The New York Mets, one of two new teams which will join the National League in 1962, will have two scouts in town to talk to Bernie.

Standing on the outside and looking in, we feel the New York Mets, a solvent organization, has a particularly good sales pitch.

If Allen would go with the Mets he would be the first player signed by the New York team. Mets' scouts watched Allen in nine games this past spring and definitely want him in their organization.

The Mets probably will offer a better opportunity for Allen to step right into the major leagues. The New York team might not match bonuses from other clubs, but the rise to major league status can't be anything but quick.

Mets Like Allen At Short . . .

Allen could start on the ground floor with a new club. While the Twins would use him at second base, the Mets are sold on Bernie as a shortstop.

The new National League club has no organization at present as far as farm clubs are concerned and that is why Allen would move up fast.

If he got stuck with a large organization, the New York Yankees for example, he could spend the best years of his career lost somewhere in the minors.

Bernie is 22 and not 18 or 19. At 18 or 19, a few years in the minor leagues would be to his advantage, but at 22 he must make it to the majors in the space of two or three years.

The Twins promise Allen a shot at the second base job. If he would cast his lot with Minnesota, the Twins are planning to send him to the Class A Sally League, then on to winter baseball at St. Petersburg.

In any instance, he would wind up at spring training next March with a major league team. Then it would be up to him to prove himself from there.

Cunningham Wins VFW Award . . .

ONE MORE HONOR was bestowed upon East Liverpool's Kenny Cunningham when he was named Ohio's outstanding high school senior athlete in a poll sponsored by the Veterans of Foreign Wars.

During graduation exercises Monday night at East Liverpool, a telegram from Cincinnati U. coach Ed Jucker was read congratulating Cunningham on his graduation, the school and city.

Reds Sweep Frisco To Gain Tie For First

By ED WILKS
Associated Press Sports Writer

The Cincinnati Reds tied San Francisco for first place in the National League race by sweeping a Memorial Day doubleheader from the Giants 7-6 and 6-4. Los Angeles made it a virtual three-way jam at the top by beating St. Louis 5-3. The Dodgers are just .010 percentage points behind the Reds and Giants.

The Chicago Cubs took two from Pittsburgh, 5-3 and 10-0, and last-place Philadelphia held Milwaukee to a split. The Braves won the opener, 3-1, then lost 11-4.

The Reds and Giants slugged seven home runs in the opener, but it was an unearned run—scoring after third baseman Jim Davenport of the Giants dropped a pop up with two out in the ninth—that handed it to the Reds. The Giants just missed with four runs in the ninth, three on homers by Charlie Hiller, Hobie Landrith and pinch-hitter Willie Mays, who had been rested by Manager Al Dark. Rookie Jim Maloney (2-2) was the winner, and hit one of the Reds' three home runs. Sam Jones (4-4) lost his third in a row as a starter.

The Reds then made it five straight with a sweep of the three-game set by scoring four runs in the third against Juan Marichal (2-2) in the second game. Bob Purkey, making his first relief appearance of the season, saved it for lefty Jim O'Toole (5-4) in the ninth. The Giants now have lost three in a row and six straight at home.

Consecutive doubles by Jim Gilliam and Willie Davis and an error by Card catcher Hal Smith brought the Dodgers from behind with two runs in the seventh against loser Bob Gibson (2-2). Right-hander Stan Williams (4-3) and reliever Larry Sherry held the Cards to three hits, one a homer by Curt Flood. The Cards had two on with one out in the ninth when Sherry saved it by striking out Ken Boyer and getting Stan Musial to line out. It was the third straight success for the Dodgers.

Ron Santo's two-run single won the opener for the Cubs, and right-hander Don Cardwell (4-2) then blanked the champs on seven hits in the nightcap as the champs lost their fifth in a row. The Cubs, after losing seven straight, beat southpaw Wilmer Mizell (4-2) and right-hander Bob Friend (5-6), collecting 25 hits in the two games and hitting two homers in each. Dick Ellsworth (2-3) was the first-game winner.

Mizell had beaten the Cubs 14 times in 15 decisions going back to 1958. Friend now has lost six in a row as a starter, giving up 10 hits and six runs in four innings in this one.

The Braves won the opener on the four-hit pitching of Bob Buhl (2-4) and a tie-breaking, two-run triple by Hank Aaron in the eighth inning. Left-hander Don Ferrarese (0-2) was the loser in his first NL start. The Phils then broke loose for six runs against Carl Willey (2-1) in the third inning of the second game, with Tony Gonzalez hitting a three-run double and Ken Walters socking a two-run homer. Art Mahaffey (6-3) won his fourth in a row with his eighth complete game in nine starts, tops in the majors.

Central Takes Laurels In Ohio College Meet

CLEVELAND (AP) — Central State scored 100 2-3 points Tuesday to win the 15th annual All-Ohio College Track Meet at Baldwin-Wallace's Ray Watts Stadium. The Marauders won 10 of 15 events.

Akron University came in second with 46 5-6 points and defending champion Baldwin - Wallace was third with 35 1-3.

Other teams in order of finish were Kent State 14 2-3, Wooster 14, Ohio University 10, Hiram 9, Ohio Wesleyan 3½ and Otterbein 3.

Bill Washington, Central State sophomore, tied a 15 - year - old mark held by Harrison Dillard with a time of :14.2 in the 120-yard high hurdles.

Emory Ellis and Les Hegedus of the Marauders set records in the 880 and two-mile runs. Ellis ran the 880 in 1:53.2, breaking the 1:54.3 time of Jim Burnett, of Central State, in 1959. Hegedus' 9:30.8 in the two-mile knocked 2.2 seconds from the mark of Cash Powell of Miami in 1952.

Alex Adams of Akron won two events, capturing the 100 - yard dash in 10 seconds flat and the 220 in 21.7.

Four members of the Ohio University squad and their coach, Stan Huntsman, were involved in an automobile accident near Columbus en route here and could not compete in the meet. They were not injured seriously.

Western Michigan Advances In NCAA

ANN ARBOR, Mich. (AP)—Western Michigan defeated Cincinnati 8-1 Tuesday to make it through the second round of the District 4 NCAA double elimination baseball tournament as the only undefeated team. In the other game Michigan, loser Monday to the Bearcats, ousted Detroit from the tourney by beating the Titans 6-3.

The Bearcats play Michigan today with the winner meeting Western Michigan.

Ambiopoise Wins By 10 In Jersey Run

CAMDEN, N.J. (AP)—A change of heart and perhaps the old handicapper's theory about horses for tracks made banker Robert Lehman $80,600 richer today.

Last Friday, Tom Waller, trainer of Lehman's 3-year-old colt, Ambiopoise, informed Garden State Park officials he would not enter the horse in the $100,000 Jersey Derby Memorial Day.

Lehman, however, arrived home from Paris Sunday, and immediately contacted Waller, instructing him to enter Ambiopoise in the Jersey.

It turned to be a smart move. Ambiopoise came off a torrid pace set by Globemaster and Crozier in the $124,000 Jersey and won by 10 lengths Tuesday.

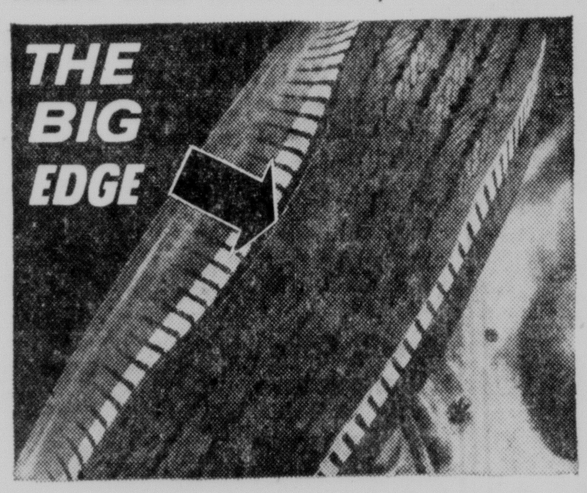
NEW! our B.F.Goodrich Silvertown puts more rubber where tires work most, wear most



This dramatic action photo shot through glass captures what actually happens to your tires during a turn. See the extreme distortion of the outer edges. The result is faster wear on the outer ribs—not in the "dead-center" area where other brands concentrate rubber.

BFG's revolutionary BIG EDGE tread beats this wear by packing more rubber into the outer ribs—up to twice as much as any other major brand! Yet BFG Silvertowns cost no more than any other first-line tires. The BIG EDGE means tires that stay newer longer, safer longer.

Foyt Nips Sachs By 8½ Seconds To Capture 500 Classic

21 Cars Knocked Out In Big Race

By DALE BURGESS
Associated Press Sports Writer

INDIANAPOLIS, Ind. (AP) — Texan A. J. Foyt, who sits mighty tall in a race car seat, won't know until tonight's victory dinner how much he won Tuesday by capturing the golden anniversary 500-mile auto race in a record 139.131 miles an hour.

What he does know is that the $100,000 or so almost slipped through his fingers in a ferociously contested race that knocked out 21 of the 33 starting cars. And it wasn't until Tuesday night that he learned he had set a record instead of an almost. This because of a breakdown in the timing.

It was a three-car race in the last stages among Foyt, 26, Houston, Tex.; Eddie Sachs, Center Valley, Pa., and 1959 winner Rodger Ward. It finally was decided in the pits.

Foyt made his third and supposedly last pit stop for tires and fuel, but the connection on the pressure fueling system wouldn't work. His crew borrowed a refueling rig from Len Sutton's pit and called Foyt back in for an extra stop.

Meanwhile, Sachs was flying and looked like a sure winner after failing to finish in four previous starts. Then his right rear tire wore ragged and he had to stop for a new one with only three laps—7½ miles—to go.

Foyt passed Sachs as the Pennsylvanian was gunning his car out of the pits. The handsome Texan beat Eddie to the finish line by 8½ seconds. With four pit stops apiece, Sachs spent 8 2-5ths seconds longer off the track.

Foyt drove the Indianapolis Bowes Special, Sachs the Long Beach, Calif., Dean Special.

Ward, having handling trouble with a new type Watson car, was less than a lap behind in third place. He could sympathize with Sachs because a worn tire forced Ward to surrender the lead to winner Jim Rathmann late in last year's race.

Mechanical trouble sent Rathmann to the sidelines Tuesday after he had led part of the race. Other leaders at various times included 1952 winner Troy Ruttman, who became physically exhausted; rookie Parnelli Jones and second-time starter Jim Hurtubise.

Hurtubise and Jones both suffered facial cuts from small flying objects, and Jones' cut forced him into a four-minute plus pit stop.

Jack Brabham of Australia, the world road racing champion, drove a shrewd, smooth race to ninth place but he never was in contention. His little English Cooper simply didn't have enough oomph on the straightaways.

The race was run without death or serious injury to a driver, in spite of a series of spectacular wrecks on the west main straightaway. A speedway guard, John Masariu, became the old racing plant's 54th fatality, however, when a fire truck backed over him after extinguishing a fire in Eddie Johnson's wrecked car.

SITTING in front of the trophy, garlanded with flowers and applauded by fans is A. J. Foyt after pulling into the Victory Lane (winner's circle) upon winning the Memorial Day 500 Tuesday at Indianapolis. (UPI Telephoto)

Carbo Is Convicted Of Extortion

WASHINGTON (AP) — Sen. Estes Kefauver, D-Tenn., says the extortion conviction of Frankie Carbo has given Congress "an unparalleled opportunity to effect a final and conclusive cleanup job in professional boxing."

Carbo, long reputed to be boxing's secret boss, was convicted Tuesday in Los Angeles with four others on charges of trying to muscle in on the earnings of former welterweight champion Don Jordan.

The Senate antitrust and monopoly subcommittee, headed by Kefauver, starts hearings today on the senator's bill which would set up federal regulation to drive racketeers out of boxing. The bill would create the post of federal boxing commissioner with powers to regulate professional boxing.

Under his proposal, Kefauver said, "Men like Carbo and Palermo couldn't operate."

Frank (Blinky) Palermo, Philadelphia fight manager and allegedly Carbo's front man, was convicted with Carbo.

"Professional boxing is racket-ridden from top to bottom," Kefauver said in a statement prepared for the start of hearings on his bill.

The bill, however, faces an uphill fight. Atty. Gen. Robert F. Kennedy has declared he is in favor of federal regulation to drive underworld characters away from the ring, but that his agency is not the appropriate one to take on the licensing powers the bill would provide.

Sen. Everett M. Dirksen, R-Ill., senior GOP member on Kefauver's subcommittee, has called the bill an invasion of states' authority. Not all Democrats like the bill, either.

Gentleman AL Wins River Downs 'Cap

CINCINNATI (AP) — Veteran jockey Howard Craig rode Gentleman Al, a 40-1 long shot, to victory in the Kentucky Handicap at River Downs Tuesday. Gentleman Al, owned by Queen City Stables, equaled the track record of 1:24 3-5 over the seven-furlong turf course.

Craig also won the seventh race with Iked and the first race with Bim Slam, who combined with Flying Scholar for a daily double of $72.60.

South Korean Golfers Out Of Canada Cup Play

By HAROLD CLAASSEN
Associated Press Sports Writer

DORADO BEACH, Puerto Rico (AP)—The ninth annual Canada Cup matches, already scarred in a power war with the Professional Golfers Association, suffered another battle wound today with the withdrawal of the South Korean team because of the revolution in that Asiatic country.

Chang Sang Hahn and Hak Young Kim, the two Korean professionals, cabled Frank Pace, Jr., of New York, president of the International Golf Association, they were unable to obtain visas for the trip and were withdrawing.

Teobaldo Parez and Francisco Gonzales, the two Venezuelans, also have informed Pace of visa problems but the South American country is expected to have a team here by Thursday morning when twosomes from 33 countries tee off in quest of the Canada Cup, now held by the United States, and the individual crown worn by Belgium's Flory Van Donck.

Earlier this month the cup matches lost Arnold Palmer, U.S. Open champion; Gary Player of South Africa, the Masters champion and leading money-winner on the U. S. PGA tour this spring; and Stan Leonard of Canada, only man ever to have won the individual title in the cup matches twice.

All three were denied permission by the PGA to compete for their countries here because the PGA co-sponsored Memphis Open has the same June 1-4 dates as the cup matches.

Jimmy Demaret took Palmers place, Harold Henning replaced Player and Al Johnston will be playing for Canada in place of Leonard.

These changes make the Australian team of Peter Thomson and Kel Nagle the heavy favorite to regain the cup they already have won twice.

Yesterday's Stars

Pitching—Steve Barber, Skinny Brown and Hoyt Wilhelm, Orioles, held White Sox to seven hits and one run in doubleheader sweep; Barber allowed just three singles for 6-0 victory in opener and Brown and Wilhelm combined for four-hits, 2-1 decision in second game.

Hitting—Ron Santo, Cubs, went 5-for-8 in doubleheader sweep over Pirates, driving in deciding runs with two-run single in eighth inning for 5-3 decision in first game, and getting three hits and another RBI in 10-0 nightcap victory.

Millirons Win First In LL Action

Millirons broke a 2-2 tie with a run in the fifth inning to edge Golden Star in a Little League makeup contest Tuesday afternoon.

Rick Cunningham pitched and batted Millirons to victory. Scattering seven hits, he fanned five and smacked a home run and double. Bill Cunningham stroked a double and single to help in the winning cause.

In a pair of games played Monday, McBurney's and Medics battled to a 2-2 tie in a game called because of darkness, while Veteran Plate Glass won its fourth game with a 12-5 win over Golden Star.

Bob Bickar won his second game of the season and gave up seven hits while fanning five.

Greg Gerace smacked three singles to lead Plate Glass while Butch Beadnell and Bill Cunningham collected two singles each.

Three more games are on tap today with Medic's meeting Burbicks at LaCroft, Milliron's clashing with Golden Star at Hilbert and Veteran Plate Glass playing Travelers on the Thompson Park diamond.

Feature At Lebanon Ends In Dead Heat

LEBANON, Ohio AP) — The featured pace at Lebanon Raceway Tuesday night ended in a dead heat as both Miss Mike's Counsel and Honor Fama reached the wire in 2:08 3-5.

Miss Mike's Counsel, a 4-year-old brown mare driven by Charles Miller and owned by Willard H. Micksell, Richmond, Ind., paid $7.60. Honor Fama, her 7-year-old bay rival, was driven by her owner, A. M. Worline, paying $4.

The 2,274 patrons saw a spill in the seventh event, a C-3 pace, as Worlines' Fargo pulled out to start around the field on the near turn and piled up with Wild Bee and Wilmington's Lue. William Lewter, Lawrenceburg, Tenn., suffered a fractured ankle and shoulder injuries.

Approximately 4,750,000 people in New York State live in homes or apartments financed by savings banks.

Thursday–Big Day For Allen . . .

Tomorrow is the big day for Bernie Allen, who is expected to sign with a major league club. He is returning to East Liverpool for the occasion.

He took his final examination today at Purdue and now the doors are open and the pens filled with ink.

At this time, the Minnesota Twins, who have waved a handsome bonus in front of Allen, appear to have the inside track.

However, another club has appeared on the scene with a solid selling point. The New York Mets, one of two new teams which will join the National League in 1962, will have two scouts in town to talk to Bernie.

Standing on the outside and looking in, we feel the New York Mets, a solvent organization, has a particularly good sales pitch.

If Allen would go with the Mets he would be the first player signed by the New York team. Mets' scouts watched Allen in nine games this past spring and definitely want him in their organization.

The Mets probably will offer a better opportunity for Allen to step right into the major leagues. The New York team might not match bonuses from other clubs, but the rise to major league status can't be anything but quick.

Mets Like Allen At Short . . .

Allen could start on the ground floor with a new club. While the Twins would use him at second base, the Mets are sold on Bernie as a shortstop.

The new National League club has no organization at present as far as farm clubs are concerned and that is why Allen would move up fast.

If he got stuck with a large organization, the New York Yankees for example, he could spend the best years of his career lost somewhere in the minors.

Bernie is 22 and not 18 or 19. At 18 or 19, a few years in the minor leagues would be to his advantage, but at 22 he must make it to the majors in the space of two or three years.

The Twins promise Allen a shot at the second base job. If he would cast his lot with Minnesota, the Twins are planning to send him to the Class A Sally League, then on to winter baseball at St. Petersburg.

In any instance, he would wind up at spring training next March with a major league team. Then it would be up to him to prove himself from there.

Cunningham Wins VFW Award . . .

ONE MORE HONOR was bestowed upon East Liverpool's Kenny Cunningham when he was named Ohio's outstanding high school senior athlete in a poll sponsored by the Veterans of Foreign Wars.

During graduation exercises Monday night at East Liverpool, a telegram from Cincinnati U. coach Ed Jucker was read congratulating Cunningham on his graduation, the school and city.

Reds Sweep Frisco To Gain Tie For First

By ED WILKS
Associated Press Sports Writer

The Cincinnati Reds tied San Francisco for first place in the National League race by sweeping a Memorial Day doubleheader from the Giants 7-6 and 6-4. Los Angeles made it a virtual three-way jam at the top by beating St. Louis 5-3. The Dodgers are just .010 percentage points behind the Reds and Giants.

The Chicago Cubs took two from Pittsburgh, 5-3 and 10-0, and last-place Philadelphia held Milwaukee to a split. The Braves won the opener, 3-1, then lost 11-4.

The Reds and Giants slugged seven home runs in the opener, but it was an unearned run—scoring after third baseman Jim Davenport of the Giants dropped a pop up with two out in the ninth—that handed it to the Reds. The Giants just missed with four runs in the ninth, three on homers by Charlie Hiller, Hobie Landrith and pinch-hitter Willie Mays, who had been rested by Manager Al Dark. Rookie Jim Maloney (2-2) was the winner, and hit one of the Reds' three home runs. Sam Jones (4-4) lost his third in a row as a starter.

The Reds then made it five straight with a sweep of the three-game set by scoring four runs in the third against Juan Marichal (2-2) in the second game. Bob Purkey, making his first relief appearance of the season, saved it for lefty Jim O'Toole (5-4) in the ninth. The Giants now have lost three in a row and six straight at home.

Consecutive doubles by Jim Gilliam and Willie Davis and an error by Card catcher Hal Smith brought the Dodgers from behind with two runs in the seventh against loser Bob Gibson (2-2). Right-hander Stan Williams (4-3) and reliever Larry Sherry held the Cards to three hits, one a homer by Curt Flood. The Cards had two on with one out in the ninth when Sherry saved it by striking out Ken Boyer and getting Stan Musial to line out. It was the third straight success for the Dodgers.

Ron Santo's two-run single won the opener for the Cubs, and right-hander Don Cardwell (4-2) then blanked the champs on seven hits in the nightcap as the champs lost their fifth in a row. The Cubs, after losing seven straight, beat southpaw Wilmer Mizell (4-2) and right-hander Bob Friend (5-6), collecting 25 hits in the two games and hitting two homers in each. Dick Ellsworth (2-3) was the first-game winner.

Mizell had beaten the Cubs 14 times in 15 decisions going back to 1958. Friend now has lost six in a row as a starter, giving up 10 hits and six runs in four innings in this one.

The Braves won the opener on the four-hit pitching of Bob Buhl (2-4) and a tie-breaking, two-run triple by Hank Aaron in the eighth inning. Left-hander Don Ferrarese (0-2) was the loser in his first NL start. The Phils then broke loose for six runs against Carl Willey (2-1) in the third inning of the second game, with Tony Gonzalez hitting a three-run double and Ken Walters socking a two-run homer. Art Mahaffey (6-3) won his fourth in a row with his eighth complete game in nine starts, tops in the majors.

HOLD THAT TIGER. Players are shown as they clash in an argument over Pirate rightfielder Roberto Clemente being low bridged by Chicago pitcher Dick Ellsworth in the sixth inning of Tuesday's game at Pittsburgh. Central Takes Laurels In Ohio College Meet

CLEVELAND (AP) — Central State scored 100 2-3 points Tuesday to win the 15th annual All-Ohio College Track Meet at Baldwin-Wallace's Ray Watts Stadium. The Marauders won 10 of 15 events.

Akron University came in second with 46 5-6 points and defending champion Baldwin - Wallace was third with 35 1-3.

Other teams in order of finish were Kent State 14 2-3, Wooster 14, Ohio University 10, Hiram 9, Ohio Wesleyan 3½ and Otterbein 3.

Bill Washington, Central State sophomore, tied a 15 - year - old mark held by Harrison Dillard with a time of :14.2 in the 120-yard high hurdles.

Emory Ellis and Les Hegedus of the Marauders set records in the 880 and two-mile runs. Ellis ran the 880 in 1:53.2, breaking the 1:54.3 time of Jim Burnett, of Central State, in 1959. Hegedus' 9:30.8 in the two-mile knocked 2.2 seconds from the mark of Cash Powell of Miami in 1952.

Alex Adams of Akron won two events, capturing the 100 - yard dash in 10 seconds flat and the 220 in 21.7.

Four members of the Ohio University squad and their coach, Stan Huntsman, were involved in an automobile accident near Columbus en route here and could not compete in the meet. They were not injured seriously.

FIGHT RESULTS

London — Johnny Caldwell, 117¾, England, outpointed Alphonse Halimi, 116½, France, 15. (For European version of world bantamweight title).

Halifax, N.S. — Blair Richardson, 163, South Bar, N.S., stopped Eskil Emerson, 163, Sweden, 3.

Western Michigan Advances In NCAA

ANN ARBOR, Mich. (AP)—Western Michigan defeated Cincinnati 8-1 Tuesday to make it through the second round of the District 4 NCAA double elimination baseball tournament as the only undefeated team. In the other game Michigan, loser Monday to the Bearcats, ousted Detroit from the tourney by beating the Titans 6-3.

The Bearcats play Michigan today with the winner meeting Western Michigan.

The name of the Kansas state capital city, Topeka, is an Omaha Indian word meaning "a good place to dig potatoes."

Ambiopoise Wins By 10 In Jersey Run

CAMDEN, N.J. (AP)—A change of heart and perhaps the old handicapper's theory about horses for tracks made banker Robert Lehman $80,600 richer today.

Last Friday, Tom Waller, trainer of Lehman's 3-year-old colt, Ambiopoise, informed Garden State Park officials he would not enter the horse in the $100,000 Jersey Derby Memorial Day.

Lehman, however, arrived home from Paris Sunday, and immediately contacted Waller, instructing him to enter Ambiopoise in the Jersey.

It turned to be a smart move. Ambiopoise came off a torrid pace set by Globemaster and Crozier in the $124,000 Jersey and won by 10 lengths Tuesday.

NEW! our B.F.Goodrich Silvertown puts more rubber where tires work most, wear most

This dramatic action photo shot through glass captures what actually happens to your tires during a turn. See the extreme distortion of the outer edges. The result is faster wear on the outer ribs—not in the "dead-center" area where other brands concentrate rubber.

BFG's revolutionary BIG EDGE tread beats this wear by packing more rubber into the outer ribs—up to twice as much as any other major brand! Yet BFG Silvertowns cost no more than any other first-line tires. The BIG EDGE means tires that stay newer longer, safer longer.

Tigers Hold 2½ Game Lead; Indians Trip Twins Twice

Orioles In 3rd; Yanks On HR Derby

CLEVELAND (AP) — It's still early in the season, but Cleveland's Jim (Mudcat) Grant is well on his way to his best year in the majors.

With a 5-0 record, he already has won more than half his total for last year when he had a 9-8 mark.

In beating the Minnesota Twins 7-5 Tuesday, Grant moved into a tie with Detroit's Don Mossi for most victories in the league without a defeat. The Indians also took the first game 4-3.

The sweep allowed Cleveland to gain a full game on the Tigers, who split with Kansas City. Cleveland is now only 2½ games out of first.

Much of the credit for Grant's victory goes to Barry Latman, who allowed only two harmless hits in three innings of relief. Grant had a one-hitter going into the sixth when the Twins came up with five runs—two on Bob Allison's homer.

Cleveland socked Pedro Ramos for three runs in the first on a walk, Jim Piersall's single, a double by Vic Power and John Romano's single. It was the 15th consecutive game in which Romano has hit safely.

Cleveland added three more in the fourth to take a 6-0 lead. Willie Kirkland reached first on an error. Romano, Woodie Held, Mikede la Hoz and Piersall followed with singles.

After the Twins' five-run sixth De la Hoz gave Latman a cushion with his first homer of the year.

De la Hoz subbed for Johnny Temple, who has a groin injury. Temple is not scheduled to play tonight, but has a good chance to play Friday, according to Trainer Wally Bock.

Piersall nearly stole the show with heads-up base running in the eighth inning of the first game. With Minnesota leading 3-2, Piersall bunted down the first base line. Don Mincher fumbled the ball, then threw wild to first, letting Piersall reach second. When Tito Francona fouled to the catcher trying to sacrifice, Piersall, seeing no one was covering the bag, suddenly darted to third. He scored the tying run on Power's fly ball.

This set the stage for Don Dillard's game-winning single in the ninth. He came off the bench to single in Romano and give Frank Funk his sixth victory against three losses. Funk hurled the last two innings in relief of starter Wynn Hawkins.

Jim Perry (2-4) pitches against Minnesota's Jim Kaat (1-4) tonight.

The Detroit Tigers came off with a 2½ game lead in the American League race after the Memorial Day firing, but Baltimore moved into third place, four games behind, with a 6-1 and 2-1 sweep over the Chicago White Sox.

The Orioles did it as southpaw Steve Barber won his seventh with a three-hit shutout and Skinny Brown and Hoyt Wilhelm combined for a four-hitter.

Second-place Cleveland shaved a game off Detroit's lead by beating Minnesota twice, 4-3 and 7-5, while the Tigers split with Kansas City, winning 5-3 before the A's came back for a 9-3 decision. New York belted seven home runs and beat Boston 12-3, and Washington beat the Los Angeles Angeles 5-1.

Barber walked six and struck out three while blanking the White Sox on three singles for his fifth success in the last six decisions. The Orioles, who have won seven of their last eight, collected 15 hits with Gus Triandos and Jim Gentile, who socked his 13th home run, each driving in two runs. Bob Shaw (3-4) was the loser.

Brown (5-1) then won his fourth in a row, shutting out the Sox on two singles for eight innings. Wilhelm retired the first two in the ninth, then gave up a homer by Jim Landis—the first run the knuckleball master had allowed in 17 innings for the last place White Sox, who have lost nine of their last 10 and are 0-6 against Baltimore. Billy Pierce (1-4) lost it on Dick Williams' home run in the fourth innings.

The Tigers came from behind in the opener on a grand-slam homer in the eighth by Norm Cash, the first man faced by lefty Bud Daley in relief. Bill Fischer (1-1) was the winner in relief. Reliever Bill Kunkel, who lost his first in the opener, then saved the second game victory for Jerry Walker (2-2). Norm Siebern belted a pair of 400-foot plus homers and drove in five runs for the A's. His first, with two on, beat Paul Foytack (2-3) in a five-run third inning.

Mickey Mantle, Roger Maris and Bill Skowron each slugged a pair of homers for the Yankees, tying the major league record for most players hitting two or more in a nine-inning game. Relievers Bill Stafford and Jim Coates blanked the Red Sox on three hits over the last six innings, with Stafford (1-2), the winner, retiring all 12 men he faced. Gene Conley (2-4) was the loser, giving up four homers, the fourth by Yogi Berra.

The Senators reached .500, for the first time since their second game of the season, behind the six-hit pitching of Ed Hobaugh (3-2). Singles by Jim King and Willie Tasby broke a 1-1 tie in the third off loser Ned Garver (0-3) as Washington won its seventh in a row at home—and handed the Angels their 13th consecutive defeat on the road.

Freshman At Dayton Is Linked

DAYTON, Ohio (AP)—A freshman at the University of Dayton, named as an "intermediary" in the recent basketball scandals, has been informed that he will not be permitted to re-enroll.

Roger Brown of Brooklyn, N.Y., got the word following a conference Tuesday with the Rev. Raymond Roesch, S.M., president of the school.

Father Roesch said he received an official and confidential report from the New York district attorney's office and that Brown admitted certain parts of the report were true. In a statement following the meeting, the president said:

"Because Roger Brown's involvment with the alleged gamblers is of such a nature that it is detrimental to college basketball and the continued good name of the university, I regret to say that Brown will not be permitted further registration at the university after the close of the current examination schedule."

The semester ends Thursday.

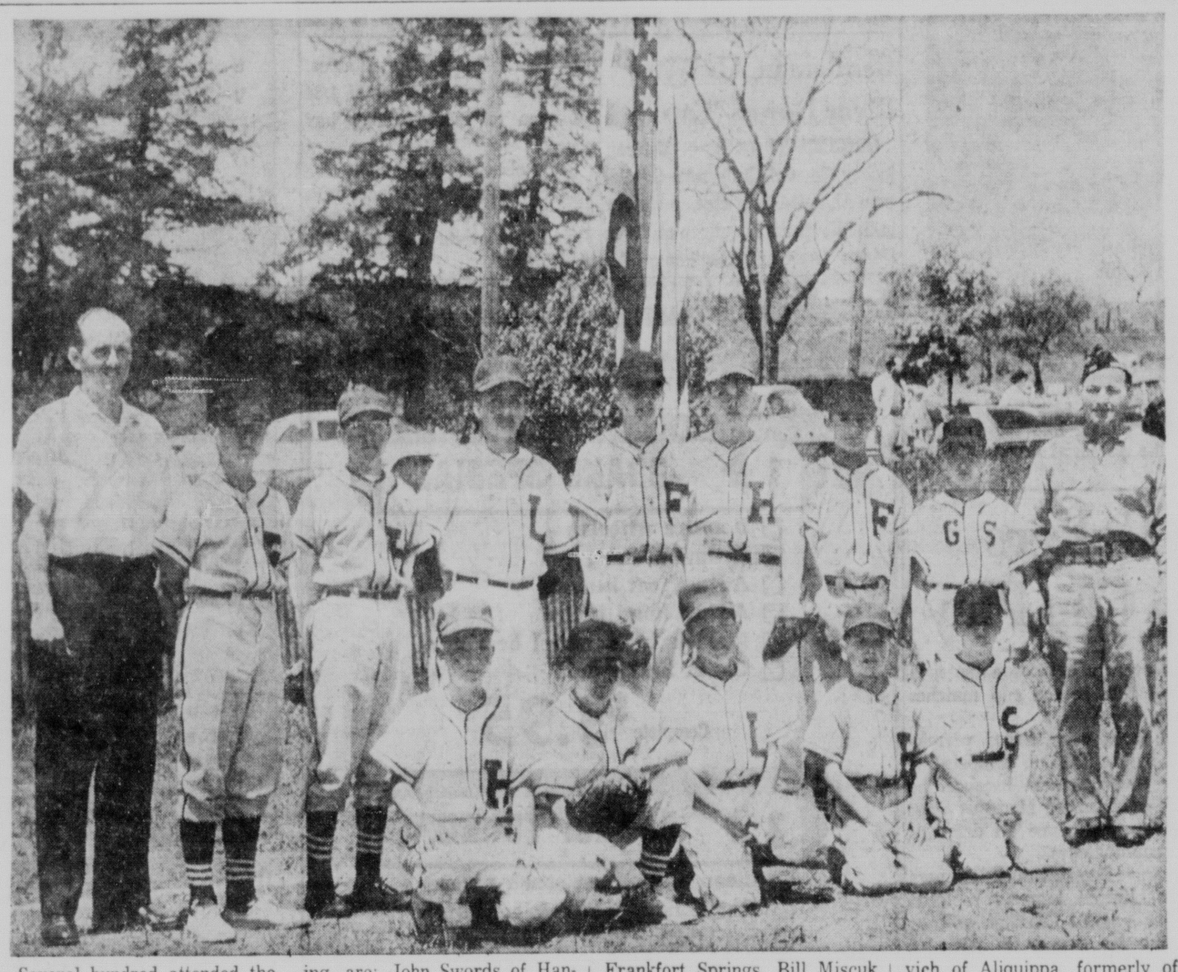
Brown, who compiled a 2.4 grade average on a 4.0 system, did not play on the school's varsity team but was named in an indictment as an "intermediary" and was said to have accepted $250 for his "good offices."

Saturday, in an exclusive interview with Dayton Daily News sports editor Si Burick, Brown said he did not take any $250 from the man accused of fixing games, but admitted taking smaller amounts, such as for gasoline and food.

"I never took any money for an introduction or to ask anybody to do anything on the basketball floor," he said.

Still On The Job

NORTH COLLINS, N. Y. (AP) — Everett A. Potter is still on the job every day as assessor, a post he has held for 52 years. But now he works afternoons only. He's 94.



Several hundred attended the dedication Tuesday of the Hookstown Hot Stove League baseball field by American Legion Post 952 following Memorial Day ceremonies at the post and a parade to the field.

The new South Side Hot Stove League, sponsored by the South Side Athletic Club, has six little league teams and five in pony league.

Left to right, front row kneeling, are: John Swords of Hanover Township, Tom Doak of Georgetown, Roger Shroades of Lawrenceville, Ray Swearingen of Hookstown and James Tate of Shippingport.

Back row, left to right, are: William Green of Shippingport, president of the South Side Athletic Club; Ralph Cumblidge of Franfort Springs, John Moore of Hookstown, Neil Conkle of Lawrenceville, Lewis Hodge of Frankfort Springs, Bill Miscuk of Hanover Township, Lynn Hall of Frankfort Springs, Jack Miles of Georgetown and William Cooper, post commander.

Speakers were John Herman Jr. of Salem, president of the Ohio Chapter of Hot Stove Leagues, and Charles Ryland of Hookstown, baseball commissioner for the new league.

The land for the field was donated by Steve Dimitritrovich of Aliquippa, formerly of Hookstown. Teams played two-inning exhibitions Tuesday. Games are scheduled all next week with Hookstown and Lawrenceville leading off Monday evening.

The parade, a first for Memorial Day observances in the Hookstown area, included the South Side High School band, area fire trucks, Legionnaires and Boy Scouts.

On Last Leg Of Triple Crown

Sellers Due Some Credit For Rides On Carry Back

By JOHN CHANDLER
Associated Press Sports Writer

NEW YORK (AP)—Why not a smidgen of credit for Johnny Sellers, the lean-faced 23-year-old jockey who will be out there Saturday at Belmont Park trying for the elusive Triple Crown with the sensational colt Carry Back

Sellers, now the nation's leading rider, is the crew-cut, slim 110-pound rider who gives trainer-breeder Jack Price fits when he waits with Carry Back. They come whooshing down the stretch to win the big ones by a whisker.

In the Kentucky Derby at Louisville May 6, Carry Back rushed up from another county to whip Crozier by three-quarters of a length with a cliff-hanger that would have outdone the chilliest Pearl White serial. Ditto by the same margin over Globemaster in the Preakness May 20 at Baltimore. Now it will be the $125,000-added Belmont Stakes, and everyone wonders — can they make it?

Born in Los Angeles, Sellers was raised around Tulsa, Okla., and until he left night classes at Miami's South Broward High School last spring, he was the wealthiest high school jockey in the land. He owns an Oklahoma farm, raises quarter horses and steers.

Carry Back, a Cinderella horse who cost $700 and has now earned $740,000, won the Flamingo at Hialeah and the Florida Derby at Gulfstream. Then came the Kentucky Derby and Preakness. All were $100,000-plus races, and Sellers bided his time like an iceman before turning Carry Back loose for his pulsating stretch runs.

Sellers first came into prominence, along with Carry Back, last October when they combined to capture the $287,970 Garden State Stakes, the world's richest horse race. He was the fourth-ranked jockey in number of winners in 1960, and his mounts earned $1,464,550. At the usual 10 per cent for the jockey, that figures a salary of $146,455.

Jets Snare 2 To Halt Slide

By The Associated Press

Strong pitching seems to have halted, at least momentarily, the Columbus Jets' backward march in the International League.

The Jets, who had slipped from first place to three games behind the league-leading Charleston Marlins in the past two weeks, swept a Memorial Day doubleheader from Richmond 3-1 and 2-1.

That moved the Jets back one game closer to the top as Charleston had a seven-game winning streak snapped in the second game of a doubleheader by Jersey City, 3-1 after the Marlins took the opener 5-3.

In other IL action, Syracuse beat Buffalo twice, 6-2 and 10-7, while Toronto beat Rochester 5-1 then lost 7-0.

Right-hander Earl Francis and lefty Al Jackson put some mileage behind only nine Columbus hits in the two games against Richmond. Francis struck out 10 batters and Jackson nine, the latter winning his fourth in a row with a six-hitter.

Don Leppert of the Jets upped his league-leading batting mark to .453, getting his sixth homer, with one on, in the opener. Charley Leonard also hit one in the first game for Columbus while Johnny Powers got both Jet runs in the nightcap with a two-run homer.

Sherman (Roadblock) Jones' five-hitter stopped Charleston as he struck out 10. George Olivares' triple with two on in the eighth inning of the opener broke a 3-3 tie for the Marlins' victory.

Foyt Nips Sachs By 8½ Seconds To Capture 500 Classic

21 Cars Knocked Out In Big Race

By DALE BURGESS
Associated Press Sports Writer

INDIANAPOLIS, Ind. (AP) — Texan A. J. Foyt, who sits mighty tall in a race car seat, won't know until tonight's victory dinner how much he won Tuesday by capturing the golden anniversary 500-mile auto race in a record 139.131 miles an hour.

What he does know is that the $100,000 or so almost slipped through his fingers in a ferociously contested race that knocked out 21 of the 33 starting cars. And it wasn't until Tuesday night that he learned he had set a record instead of an almost. This because of a breakdown in the timing.

It was a three-car race in the last stages among Foyt, 26, Houston, Tex.; Eddie Sachs, Center Valley, Pa., and 1959 winner Rodger Ward. It finally was decided in the pits.

Foyt made his third and supposedly last pit stop for tires and fuel, but the connection on the pressure fueling system wouldn't work. His crew borrowed a refueling rig from Len Sutton's pit and called Foyt back in for an extra stop.

Meanwhile, Sachs was flying and looked like a sure winner after failing to finish in four previous starts. Then his right rear tire wore ragged and he had to stop for a new one with only three laps—7½ miles—to go.

Foyt passed Sachs as the Pennsylvanian was gunning his car out of the pits. The handsome Texan beat Eddie to the finish line by 8½ seconds. With four pit stops apiece, Sachs spent 8 2-5ths seconds longer off the track.

Foyt drove the Indianapolis Bowes Special, Sachs the Long Beach, Calif., Dean Special.

Ward, having handling trouble with a new type Watson car, was less than a lap behind in third place. He could sympathize with Sachs because a worn tire forced Ward to surrender the lead to winner Jim Rathmann late in last year's race.

Mechanical trouble sent Rathmann to the sidelines Tuesday after he had led part of the race. Other leaders at various times included 1952 winner Troy Ruttman, who became physically exhausted; rookie Parnelli Jones and second-time starter Jim Hurtubise.

Hurtubise and Jones both suffered facial cuts from small flying objects, and Jones' cut forced him into a four-minute plus pit stop.

Jack Brabham of Australia, the world road racing champion, drove a shrewd, smooth race to ninth place but he never was in contention. His little English Cooper simply didn't have enough oomph on the straightaways.

The race was run without death or serious injury to a driver, in spite of a series of spectacular wrecks on the west main straightaway. A speedway guard, John Masariu, became the old racing plant's 54th fatality, however, when a fire truck backed over him after extinguishing a fire in Eddie Johnson's wrecked car.

SITTING in front of the trophy, garlanded with flowers and applauded by fans is A. J. Foyt after pulling into the Victory Lane (winner's circle) upon winning the Memorial Day 500 Tuesday at Indianapolis. (UPI Telephoto)

Carbo Is Convicted Of Extortion

WASHINGTON (AP) — Sen. Estes Kefauver, D-Tenn., says the extortion conviction of Frankie Carbo has given Congress "an unparalleled opportunity to effect a final and conclusive cleanup job in professional boxing."

Carbo, long reputed to be boxing's secret boss, was convicted Tuesday in Los Angeles with four others on charges of trying to muscle in on the earnings of former welterweight champion Don Jordan.

The Senate antitrust and monopoly subcommittee, headed by Kefauver, starts hearings today on the senator's bill which would set up federal regulation to drive racketeers out of boxing. The bill would create the post of federal boxing commissioner with powers to regulate professional boxing.

Under his proposal, Kefauver said, "Men like Carbo and Palermo couldn't operate."

Frank (Blinky) Palermo, Philadelphia fight manager and allegedly Carbo's front man, was convicted with Carbo.

"Professional boxing is racket-ridden from top to bottom," Kefauver said in a statement prepared for the start of hearings on his bill.

The bill, however, faces an uphill fight. Atty. Gen. Robert F. Kennedy has declared he is in favor of federal regulation to drive underworld characters away from the ring, but that his agency is not the appropriate one to take on the licensing powers the bill would provide.

Sen. Everett M. Dirksen, R-Ill., senior GOP member on Kefauver's subcommittee, has called the bill an invasion of states' authority. Not all Democrats like the bill, either.

South Korean Golfers Out Of Canada Cup Play

By HAROLD CLAASSEN
Associated Press Sports Writer

DORADO BEACH, Puerto Rico (AP)—The ninth annual Canada Cup matches, already scarred in a power war with the Professional Golfers Association, suffered another battle wound today with the withdrawal of the South Korean team because of the revolution in that Asiatic country.

Chang Sang Hahn and Hak Young Kim, the two Korean professionals, cabled Frank Pace, Jr., of New York, president of the International Golf Association, they were unable to obtain visas for the trip and were withdrawing.

Teobaldo Parez and Francisco Gonzales, the two Venezuelans, also have informed Pace of visa problems but the South American country is expected to have a team here by Thursday morning when twosomes from 33 countries tee off in quest of the Canada Cup, now held by the United States, and the individual crown worn by Belgium's Flory Van Donck.

Earlier this month the cup matches lost Arnold Palmer, U.S. Open champion; Gary Player of South Africa, the Masters champion and leading money-winner on the U. S. PGA tour this spring; and Stan Leonard of Canada, only man ever to have won the individual title in the cup matches twice.

All three were denied permission by the PGA to compete for their countries here because the PGA co-sponsored Memphis Open has the same June 1-4 dates as the cup matches.

Jimmy Demaret took Palmers place, Harold Henning replaced Player and Al Johnston will be playing for Canada in place of Leonard.

These changes make the Australian team of Peter Thomson and Kel Nagle the heavy favorite to regain the cup they already have won twice.

Yesterday's Stars

Pitching—Steve Barber, Skinny Brown and Hoyt Wilhelm, Orioles, held White Sox to seven hits and one run in doubleheader sweep; Barber allowed just three singles for 6-0 victory in opener and Brown and Wilhelm combined for four-hits, 2-1 decision in second game.

Hitting—Ron Santo, Cubs, went 5-for-8 in doubleheader sweep over Pirates, driving in deciding runs with two-run single in eighth inning for 5-3 decision in first game, and getting three hits and another RBI in 10-0 nightcap victory.

Millirons Win First In LL Action

Millirons broke a 2-2 tie with a run in the fifth inning to edge Golden Star in a Little League makeup contest Tuesday afternoon.

Rick Cunningham pitched and batted Millirons to victory. Scattering seven hits, he fanned five and smacked a home run and double. Bill Cunningham stroked a double and single to help in the winning cause.

In a pair of games played Monday, McBurney's and Medics battled to a 2-2 tie in a game called because of darkness, while Veteran Plate Glass won its fourth game with a 12-5 win over Golden Star.

Bob Bickar won his second game of the season and gave up seven hits while fanning five.

How Can I?

By ANNE ASHLEY

Q. How can I darken some light tan leather articles, such as belts, shoes, and the like?

A. By rubbing them with a cloth dipped in ammonia. This gives the leather a deep brown finish. Be sure, however, to apply the ammonia uniformly so that your finished job will not be spotty.

Q. How can I remove those ugly-looking brown stains that are prone to form on the glass partitions in refrigerators?

A. These can be completely dissolved by full-strength peroxide on a soft cloth.

Q. How can I renovate a milk pudding that has become somewhat burnt?

A. Remove the burnt skin, add some milk and a little butter, and then rebake in a slow oven.

Tigers Hold 2½ Game Lead; Indians Trip Twins Twice

CLEVELAND (AP) — It's still early in the season, but Cleveland's Jim (Mudcat) Grant is well on his way to his best year in the majors.

With a 5-0 record, he already has won more than half his total for last year when he had a 9-8 mark.

In beating the Minnesota Twins 7-5 Tuesday, Grant moved into a tie with Detroit's Don Mossi for most victories in the league without a defeat. The Indians also took the first game 4-3.

The sweep allowed Cleveland to gain a full game on the Tigers, who split with Kansas City. Cleveland is now only 2½ games out of first.

Much of the credit for Grant's victory goes to Barry Latman, who allowed only two harmless hits in three innings of relief. Grant had a one-hitter going into the sixth when the Twins came up with five runs—two on Bob Allison's homer.

Cleveland socked Pedro Ramos for three runs in the first on a walk, Jim Piersall's single, a double by Vic Power and John Romano's single. It was the 15th consecutive game in which Romano has hit safely.

Cleveland added three more in the fourth to take a 6-0 lead. Willie Kirkland reached first on an error. Romano, Woodie Held, Mikede la Hoz and Piersall followed with singles.

After the Twins' five-run sixth De la Hoz gave Latman a cushion with his first homer of the year.

De la Hoz subbed for Johnny Temple, who has a groin injury. Temple is not scheduled to play tonight, but has a good chance to play Friday, according to Trainer Wally Bock.

Piersall nearly stole the show with heads-up base running in the eighth inning of the first game. With Minnesota leading 3-2, Piersall bunted down the first base line. Don Mincher fumbled the ball, then threw wild to first, letting Piersall reach second. When Tito Francona fouled to the catcher trying to sacrifice, Piersall, seeing no one was covering the bag, suddenly darted to third. He scored the tying run on Power's fly ball.

This set the stage for Don Dillard's game-winning single in the ninth. He came off the bench to single in Romano and give Frank Funk his sixth victory against three losses. Funk hurled the last two innings in relief of starter Wynn Hawkins.

Jim Perry (2-4) pitches against Minnesota's Jim Kaat (1-4) tonight.

The Detroit Tigers came off with a 2½ game lead in the American League race after the Memorial Day firing, but Baltimore moved into third place, four games behind, with a 6-1 and 2-1 sweep over the Chicago White Sox.

The Orioles did it as southpaw Steve Barber won his seventh with a three-hit shutout and Skinny Brown and Hoyt Wilhelm combined for a four-hitter.

Second-place Cleveland shaved a game off Detroit's lead by beating Minnesota twice, 4-3 and 7-5, while the Tigers split with Kansas City, winning 5-3 before the A's came back for a 9-3 decision. New York belted seven home runs and beat Boston 12-3, and Washington beat the Los Angeles Angeles 5-1.

Barber walked six and struck out three while blanking the White Sox on three singles for his fifth success in the last six decisions. The Orioles, who have won seven of their last eight, collected 15 hits with Gus Triandos and Jim Gentile, who socked his 13th home run, each driving in two runs. Bob Shaw (3-4) was the loser.

Brown (5-1) then won his fourth in a row, shutting out the Sox on two singles for eight innings. Wilhelm retired the first two in the ninth, then gave up a homer by Jim Landis—the first run the knuckleball master had allowed in 17 innings for the last place White Sox, who have lost nine of their last 10 and are 0-6 against Baltimore. Billy Pierce (1-4) lost it on Dick Williams' home run in the fourth innings.

The Tigers came from behind in the opener on a grand-slam homer in the eighth by Norm Cash, the first man faced by lefty Bud Daley in relief. Bill Fischer (1-1) was the winner in relief. Reliever Bill Kunkel, who lost his first in the opener, then saved the second game victory for Jerry Walker (2-2). Norm Siebern belted a pair of 400-foot plus homers and drove in five runs for the A's. His first, with two on, beat Paul Foytack (2-3) in a five-run third inning.

Mickey Mantle, Roger Maris and Bill Skowron each slugged a pair of homers for the Yankees, tying the major league record for most players hitting two or more in a nine-inning game. Relievers Bill Stafford and Jim Coates blanked the Red Sox on three hits over the last six innings, with Stafford (1-2), the winner, retiring all 12 men he faced. Gene Conley (2-4) was the loser, giving up four homers, the fourth by Yogi Berra.

The Senators reached .500, for the first time since their second game of the season, behind the six-hit pitching of Ed Hobaugh (3-2). Singles by Jim King and Willie Tasby broke a 1-1 tie in the third off loser Ned Garver (0-3) as Washington won its seventh in a row at home—and handed the Angels their 13th consecutive defeat on the road.

Freshman At Dayton Is Linked

DAYTON, Ohio (AP)—A freshman at the University of Dayton, named as an "intermediary" in the recent basketball scandals, has been informed that he will not be permitted to re-enroll.

Roger Brown of Brooklyn, N.Y., got the word following a conference Tuesday with the Rev. Raymond Roesch, S.M., president of the school.

Father Roesch said he received an official and confidential report from the New York district attorney's office and that Brown admitted certain parts of the report were true. In a statement following the meeting, the president said:

"Because Roger Brown's involvment with the alleged gamblers is of such a nature that it is detrimental to college basketball and the continued good name of the university, I regret to say that Brown will not be permitted further registration at the university after the close of the current examination schedule."

The semester ends Thursday.

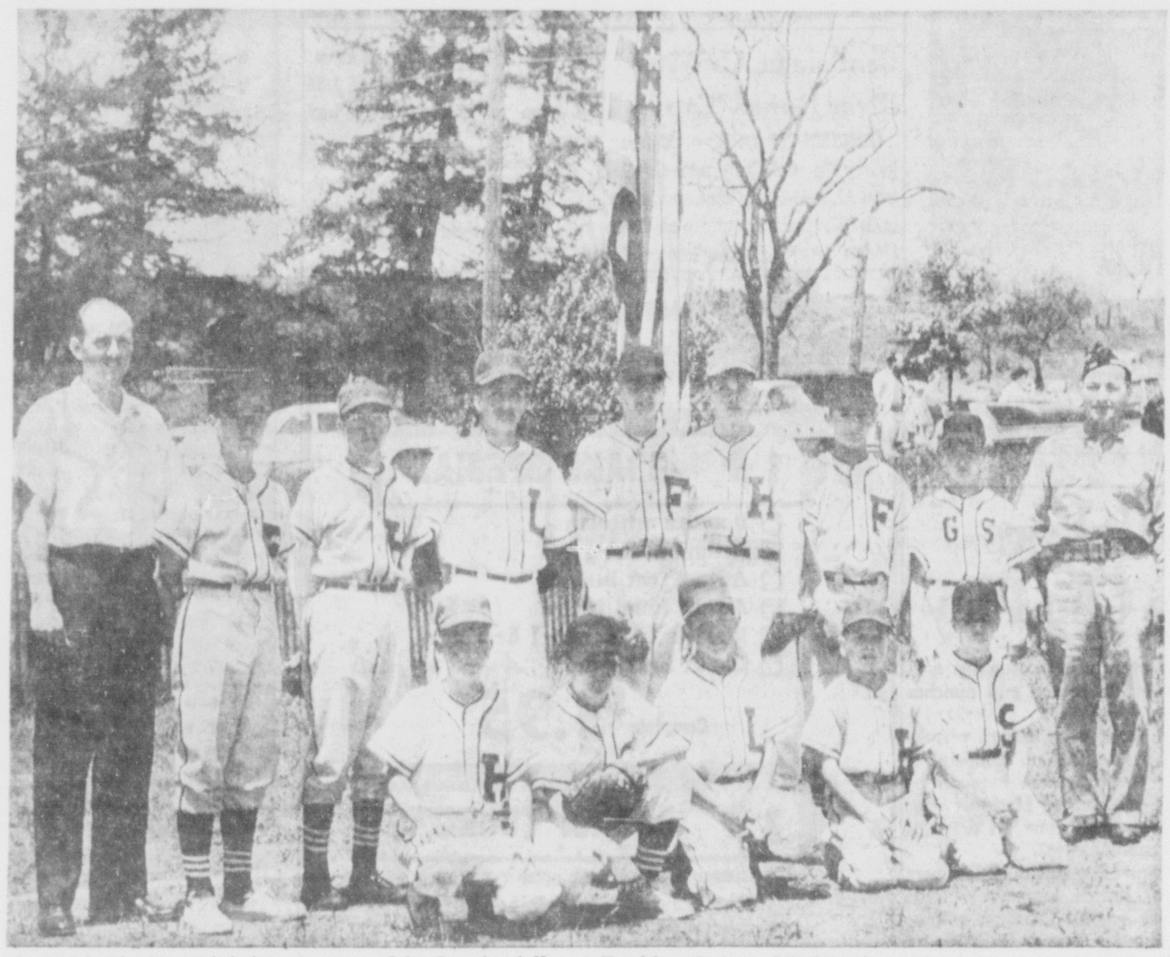
Brown, who compiled a 2.4 grade average on a 4.0 system, did not play on the school's varsity team but was named in an indictment as an "intermediary" and was said to have accepted $250 for his "good offices."

Saturday, in an exclusive interview with Dayton Daily News sports editor Si Burick, Brown said he did not take any $250 from the man accused of fixing games, but admitted taking smaller amounts, such as for gasoline and food.

"I never took any money for an introduction or to ask anybody to do anything on the basketball floor," he said.

Still On The Job

NORTH COLLINS, N. Y. (AP) — Everett A. Potter is still on the job every day as assessor, a post he has held for 52 years. But now he works afternoons only. He's 94.



Several hundred attended the dedication Tuesday of the Hookstown Hot Stove League baseball field by American Legion Post 952 following Memorial Day ceremonies at the post and a parade to the field.

The new South Side Hot Stove League, sponsored by the South Side Athletic Club, has six little league teams and five in pony league.

Left to right, front row kneeling, are: John Swords of Hanover Township, Tom Doak of Georgetown, Roger Shroades of Lawrenceville, Ray Swearingen of Hookstown and James Tate of Shippingport.

Back row, left to right, are: William Green of Shippingport, president of the South Side Athletic Club; Ralph Cumblidge of Franfort Springs, John Moore of Hookstown, Neil Conkle of Lawrenceville, Lewis Hodge of Frankfort Springs, Bill Miscuk of Hanover Township, Lynn Hall of Frankfort Springs, Jack Miles of Georgetown and William Cooper, post commander.

Speakers were John Herman Jr. of Salem, president of the Ohio Chapter of Hot Stove Leagues, and Charles Ryland of Hookstown, baseball commissioner for the new league.

The land for the field was donated by Steve Dimitritrovich of Aliquippa, formerly of Hookstown. Teams played two-inning exhibitions Tuesday. Games are scheduled all next week with Hookstown and Lawrenceville leading off Monday evening.

The parade, a first for Memorial Day observances in the Hookstown area, included the South Side High School band, area fire trucks, Legionnaires and Boy Scouts.

Sellers Due Some Credit For Rides On Carry Back

By JOHN CHANDLER
Associated Press Sports Writer

NEW YORK (AP)—Why not a smidgen of credit for Johnny Sellers, the lean-faced 23-year-old jockey who will be out there Saturday at Belmont Park trying for the elusive Triple Crown with the sensational colt Carry Back

Sellers, now the nation's leading rider, is the crew-cut, slim 110-pound rider who gives trainer-breeder Jack Price fits when he waits with Carry Back. They come whooshing down the stretch to win the big ones by a whisker.

In the Kentucky Derby at Louisville May 6, Carry Back rushed up from another county to whip Crozier by three-quarters of a length with a cliff-hanger that would have outdone the chilliest Pearl White serial. Ditto by the same margin over Globemaster in the Preakness May 20 at Baltimore. Now it will be the $125,000-added Belmont Stakes, and everyone wonders — can they make it?

Born in Los Angeles, Sellers was raised around Tulsa, Okla., and until he left night classes at Miami's South Broward High School last spring, he was the wealthiest high school jockey in the land. He owns an Oklahoma farm, raises quarter horses and steers.

Carry Back, a Cinderella horse who cost $700 and has now earned $740,000, won the Flamingo at Hialeah and the Florida Derby at Gulfstream. Then came the Kentucky Derby and Preakness. All were $100,000-plus races, and Sellers bided his time like an iceman before turning Carry Back loose for his pulsating stretch runs.

Sellers first came into prominence, along with Carry Back, last October when they combined to capture the $287,970 Garden State Stakes, the world's richest horse race. He was the fourth-ranked jockey in number of winners in 1960, and his mounts earned $1,464,550. At the usual 10 per cent for the jockey, that figures a salary of $146,455.

Jets Snare 2 To Halt Slide

By The Associated Press

Strong pitching seems to have halted, at least momentarily, the Columbus Jets' backward march in the International League.

The Jets, who had slipped from first place to three games behind the league-leading Charleston Marlins in the past two weeks, swept a Memorial Day doubleheader from Richmond 3-1 and 2-1.

That moved the Jets back one game closer to the top as Charleston had a seven-game winning streak snapped in the second game of a doubleheader by Jersey City, 3-1 after the Marlins took the opener 5-3.

In other IL action, Syracuse beat Buffalo twice, 6-2 and 10-7, while Toronto beat Rochester 5-1 then lost 7-0.

Right-hander Earl Francis and lefty Al Jackson put some mileage behind only nine Columbus hits in the two games against Richmond. Francis struck out 10 batters and Jackson nine, the latter winning his fourth in a row with a six-hitter.

Don Leppert of the Jets upped his league-leading batting mark to .453, getting his sixth homer, with one on, in the opener. Charley Leonard also hit one in the first game for Columbus while Johnny Powers got both Jet runs in the nightcap with a two-run homer.

Sherman (Roadblock) Jones' five-hitter stopped Charleston as he struck out 10. George Olivares' triple with two on in the eighth inning of the opener broke a 3-3 tie for the Marlins' victory.

Employment Pickup Seen To Mid-July

WASHINGTON (AP) — The Labor Department reported today that a gradual employment pickup begun in March is expected to continue at least to mid-July.

The department's Bureau of Employment Security said its May survey of labor market trends show that employers in about two-thirds of the nation's 150 major industrial centers expect further slight seasonal employment gains into mid-summer.

The May job totals were due to be released in mid-afternoon. A further rise in employment, and decline in unemployment, were expected. Farm employment, kept down by heavy spring rains, is due to show some increase. Unemployment normally drops by over 250,000 from April.

The Employment Security Bureau's report indicated that job recovery is moving along faster than it did after the 1958 recession.

This spring, the bureau said, has seen declining unemployment in practically all major job areas, with the improvement in 10 of them sufficient to warrant promotion to more favorable ratings.

Five such areas have been shifted from the ratings of 6 to 9 per cent of work force unemployed to the 3 to 6 per cent category. One of these is Steubenville-Weirton, Ohio-W. Va.

Two steel centers — Lorain-Elyria and Youngstown-Warren, both in Ohio—moved to the 9 to 12 per cent group from the "worst" category of 12 per cent or more unemployment.

Employers reported that expected further hiring gains over the next two months will come in steel, metal fabricating, and electrical machinery, and the usual summer expansion in food processing.

Youngstown - Warren is among areas which the bureau mentioned as expected to benefit from payroll increases.

Man Fined, Held In Parole Case

A 41-year-old Newell man, on parole for murder, was fined $100 and costs for drunken driving Monday night at Chester, and was detained at the Hancock County Jail to await a Wheeling parole officer.

Lawrence Wheatley, 315 Harrison St., Newell, was fined by Mayor Ray Collins, who also suspended his driver's license for six months.

Wheatley, on parole from Ohio State Penitentiary where he served 13 years of a life term for murder, was arrested Sunday.

Ervin Clifford Engels, 21, of Townsend, Wis., was fined $10 and costs each for being drunk and disorderly and destruction of property.

Engels was cited Sunday after he threw a beer bottle through a window at a Carolina Ave. tourist home when refused lodging.

How Can I?

By ANNE ASHLEY

Q. How can I darken some light tan leather articles, such as belts, shoes, and the like?

A. By rubbing them with a cloth dipped in ammonia. This gives the leather a deep brown finish. Be sure, however, to apply the ammonia uniformly so that your finished job will not be spotty.

Q. How can I remove those ugly-looking brown stains that are prone to form on the glass partitions in refrigerators?

A. These can be completely dissolved by full-strength peroxide on a soft cloth.

Q. How can I renovate a milk pudding that has become somewhat burnt?

A. Remove the burnt skin, add some milk and a little butter, and then rebake in a slow oven.

Employment Pickup Seen To Mid-July

WASHINGTON (AP) — The Labor Department reported today that a gradual employment pickup begun in March is expected to continue at least to mid-July.

The department's Bureau of Employment Security said its May survey of labor market trends show that employers in about two-thirds of the nation's 150 major industrial centers expect further slight seasonal employment gains into mid-summer.

The May job totals were due to be released in mid-afternoon. A further rise in employment, and decline in unemployment, were expected. Farm employment, kept down by heavy spring rains, is due to show some increase. Unemployment normally drops by over 250,000 from April.

The Employment Security Bureau's report indicated that job recovery is moving along faster than it did after the 1958 recession.

This spring, the bureau said, has seen declining unemployment in practically all major job areas, with the improvement in 10 of them sufficient to warrant promotion to more favorable ratings.

Five such areas have been shifted from the ratings of 6 to 9 per cent of work force unemployed to the 3 to 6 per cent category. One of these is Steubenville-Weirton, Ohio-W. Va.

Two steel centers — Lorain-Elyria and Youngstown-Warren, both in Ohio—moved to the 9 to 12 per cent group from the "worst" category of 12 per cent or more unemployment.

Employers reported that expected further hiring gains over the next two months will come in steel, metal fabricating, and electrical machinery, and the usual summer expansion in food processing.

Youngstown - Warren is among areas which the bureau mentioned as expected to benefit from payroll increases.

Man Fined, Held In Parole Case

A 41-year-old Newell man, on parole for murder, was fined $100 and costs for drunken driving Monday night at Chester, and was detained at the Hancock County Jail to await a Wheeling parole officer.

Lawrence Wheatley, 315 Harrison St., Newell, was fined by Mayor Ray Collins, who also suspended his driver's license for six months.

Wheatley, on parole from Ohio State Penitentiary where he served 13 years of a life term for murder, was arrested Sunday.

Ervin Clifford Engels, 21, of Townsend, Wis., was fined $10 and costs each for being drunk and disorderly and destruction of property.

Engels was cited Sunday after he threw a beer bottle through a window at a Carolina Ave. tourist home when refused lodging.

Gobel Gets Stalled At The Starting Gate

If the new FCC chairman, Newton Minow, is looking for a blue-ribbon witness to testify on the machinations of network TV programming, he should contact George Gobel. George has a large beef and will travel. He will level charges of restraint of trade and conspiracy to keep a nice young comic off the airwaves. George, you may recall, became unemployed (TV-wise) this season when Jack Benny decided he was now old enough to work every week. Since George was on alternate weeks with Benny, this left him without a time spot.

Hal Humphrey

Since a time spot is the first thing you must have in this business, George and his shrewd Irish partner, Dave O'Malley, set out to build a new show which would intrigue a sponsor with a time already staked out on one of the networks.

-:-

"WE THOUGHT we had a couple of pretty good ideas," says George. "One had Joe Flynn and me as two ex-war buddies. He had saved my life and traded on this to lure me into all kinds of screwy deals in civilian life.

"But MCA thought it was risky because there was no family. Somebody there said it was too 'hipville' and that the next thing we knew, Joe and I would be in a bar in some episode. Of course this wouldn't do.

"Then," George continues, "we bought the TV rights to Ogden Nash's poems. I think you'll agree that this bird has written some pretty funny stuff. The idea we had was to use these as a kind of springboard for comedy situations each week. Sometimes I'd be the central character, sometimes just the host reading the poem to set the scene."

-:-

AT MCA this idea also was considered too "hipville" or a "hard sale." It should be explained perhaps that MCA is George's agent, and just about everybody else's in show business. This is something FCC chairman Minow could look into, too, when he isn't looking at TV.

Finally George and O'Malley came up with "My Uncle Elroy," a situation comedy series in which George is a kind of Mr. Fixit for everyone but himself. He lives with a niece, nephew and sister.

"Well, sir," George sighs, "this seemed to have all the right ingredients to please everybody, and I wasn't ashamed of it, and after all, I want to make a living."

MCA, too, was pleased with this family concoction and had no trouble selling it to a soap sponsor, who in turn had a half hour nailed down at ABC on Thursday nights between "My Three Sons" and "The Untouchables," two of the hottest shows on TV.

"WE THOUGHT we had everything cranked up and ready to go," says George, "and then ABC comes along and tells our sponsor, that 'My Uncle Elroy' is too much like 'My Three Sons' and ABC won't take it. This is the same network which runs three Westerns right in a row."

George and his partner were doubly burned when ABC tossed a new series called "Margie" at the sponsor and told it in effect that it was "Margie" or forfeit the time spot. The sponsor bowed to the pressure.

"If," says George, "ABC had been running an Ed Murrow or somebody like that into that spot, I still would have been disappointed, but I'd have to say, 'Okay, that's different.'"

-:-

DID ABC have any other reason for preferring "Margie" to George's "Elroy"?

George, who also is a pretty shrewd bird, figures the fact that ABC owns a piece (probably half) of the "Margie" action could have something to do with it, too.

This isn't the first time a network has found it more convenient to shuffle its schedule to fit a show in which it has more than a fatherly interest.

"Lew Wasserman at MCA wanted to sue ABC on my behalf, but we told him to forget it. It's too much trouble and takes too much time," says George.

So what is George doing to do? He's going into rehearsal in July to star as Irwin, the greeting card poet, in a musical version of "Three Men on a Horse." It's to be re-tagged "Let It Ride" and opens on Broadway next season.

When pickles soften it may be because the brine was diluted too much.

GOP Looking For Ike Blast At Kennedy

WASHINGTON (AP) — Republicans are looking to Gen. Dwight D. Eisenhower for a resounding attack on the Kennedy administration's domestic policies at a party rally here Thursday night.

The former president was represented by those who have talked to him recently as being in a mood to assail President Kennedy's New Frontiers program as one likely to call for a spending spree threatening the stability of the dollar.

With Kennedy scheduled to begin informal talks in Vienna Saturday with Soviet Premier Khrushchev, Eisenhower is expected to refrain from any attacks on foreign policy at this time.

The presence of his brother, Dr. Milton Eisenhower, on the Tractors for Freedom Committee is regarded as an indication that the former president will not join other Republicans in criticizing the proposed exchange with Cuba's Prime Minister Fidel Castro.

Eisenhower's speech at a $100-a-plate fund raising dinner will be his first since he left office last Jan. 20.

While Democrats don't think they will like what he says, they are cooperating with Republicans to cut the cost of staging the dinner. The GOP helped reduce the expenses of a similar 6,000-plate birthday affair for President Kennedy in the same armory last Saturday night.

While officials of the two national committees have gone about their usual business of exchanging political insults in public, they have collaborated privately to share the cost of building platforms, arranging bunting and transporting tables and chairs. Both committees thus saved several thousand dollars.

$35,000 Fire Loss

CLEVELAND (AP)—The Ezella Theatre was one of several buildings evacuated Tuesday when a nearby garage caught fire. The blaze, of undetermined origin, caused an estimated $35,000 damage to the 2½ story frame garage at 1254-64 Addison Road NE. Almost 100 persons in the theatre at 7009 Superior Ave. filed out calmly when told the possible danger.

End 5-Day Vacation

Ohio Legislators Face Rough Task Of 4 Weeks

COLUMBUS, Ohio (AP)—Ohio's 175 legislators return to Columbus today after a five-day vacation. They were wise if they got a good rest because the next four weeks will be rough ones as controlling Republicans try to end the working session.

Scores of "must" bills are crowding the calendars of legislative committees, but in a session-closing drive, floor calendars get equally long. Often lengthy wrangles during floor sessions cancel out scheduled committee hearings and that is a matter of concern to legislative leaders right now.

The rules in the legislature prohibit a committee from meeting while a floor session of its house is in progress.

For instance, take the problem of the Senate Finance Committee which is studying the $2 billion budget bill. Until the committee finishes its study, the Senate cannot act on the big money bill. But if long floor sessions cancel out very many of the committee's scheduled hearings, the budget bill will be delayed in reaching the floor.

Finance Committee Chairman William H. Deddens, R-Hamilton, has scheduled a meeting "after the session" this afternoon to get additional information from Liquor Director Richard C. Crouch. That might mean any time from 3 p.m. to 6 p.m., depending on when the floor session ends. If the session runs past 6 p.m., the hearing probably will be washed out.

Other finance hearings are scheduled tonight, Thursday morning, Thursday night and Friday morning. The interest peak probably will come Thursday night when the committee considers the budget for the Welfare Department in which the House reduced appropriation requests by about $15 million.

An example of the type of calendars which will confront lawmakers from now to the end of the working session is the House schedule for Thursday which includes 15 bills, among them the congressional redistricting proposal and a measure to discontinue the use of tax stamp impressions on beer containers.

Before the final gavel falls on the working sessions of the 104th General Assembly, there probably will be some legislative decision on the matter of increasing employer contributions to the unemployment compensation fund. A half-dozen years ago, the fund had money coming out its ears—about $640 million. Now the fund is down to somewhat more than $100 million and is in danger of being flat broke within two years unless the legislature takes some action.

Increased unemployment in the last six years plus a refund to employers in 1955 have contributed to the precarious state of the fund. Also contributing to the fund's low level was an increase in jobless benefits voted two years ago without a corresponding increase in rates.

Today's scheduled floor votes in the two houses come pretty much under the "cats-and-dogs" category. Bigger things are ahead, however.

End 5-Day Vacation

Ohio Legislators Face Rough Task Of 4 Weeks

COLUMBUS, Ohio (AP)—Ohio's 175 legislators return to Columbus today after a five-day vacation. They were wise if they got a good rest because the next four weeks will be rough ones as controlling Republicans try to end the working session.

Scores of "must" bills are crowding the calendars of legislative committees, but in a session-closing drive, floor calendars get equally long. Often lengthy wrangles during floor sessions cancel out scheduled committee hearings and that is a matter of concern to legislative leaders right now.

The rules in the legislature prohibit a committee from meeting while a floor session of its house is in progress.

For instance, take the problem of the Senate Finance Committee which is studying the $2 billion budget bill. Until the committee finishes its study, the Senate cannot act on the big money bill. But if long floor sessions cancel out very many of the committee's scheduled hearings, the budget bill will be delayed in reaching the floor.

Finance Committee Chairman William H. Deddens, R-Hamilton, has scheduled a meeting "after the session" this afternoon to get additional information from Liquor Director Richard C. Crouch. That might mean any time from 3 p.m. to 6 p.m., depending on when the floor session ends. If the session runs past 6 p.m., the hearing probably will be washed out.

Other finance hearings are scheduled tonight, Thursday morning, Thursday night and Friday morning. The interest peak probably will come Thursday night when the committee considers the budget for the Welfare Department in which the House reduced appropriation requests by about $15 million.

An example of the type of calendars which will confront lawmakers from now to the end of the working session is the House schedule for Thursday which includes 15 bills, among them the congressional redistricting proposal and a measure to discontinue the use of tax stamp impressions on beer containers.

Before the final gavel falls on the working sessions of the 104th General Assembly, there probably will be some legislative decision on the matter of increasing employer contributions to the unemployment compensation fund. A half-dozen years ago, the fund had money coming out its ears—about $640 million. Now the fund is down to somewhat more than $100 million and is in danger of being flat broke within two years unless the legislature takes some action.

Increased unemployment in the last six years plus a refund to employers in 1955 have contributed to the precarious state of the fund. Also contributing to the fund's low level was an increase in jobless benefits voted two years ago without a corresponding increase in rates.

Today's scheduled floor votes in the two houses come pretty much under the "cats-and-dogs" category. Bigger things are ahead, however.

GOP Looking For Ike Blast At Kennedy

WASHINGTON (AP) — Republicans are looking to Gen. Dwight D. Eisenhower for a resounding attack on the Kennedy administration's domestic policies at a party rally here Thursday night.

The former president was represented by those who have talked to him recently as being in a mood to assail President Kennedy's New Frontiers program as one likely to call for a spending spree threatening the stability of the dollar.

With Kennedy scheduled to begin informal talks in Vienna Saturday with Soviet Premier Khrushchev, Eisenhower is expected to refrain from any attacks on foreign policy at this time.

The presence of his brother, Dr. Milton Eisenhower, on the Tractors for Freedom Committee is regarded as an indication that the former president will not join other Republicans in criticizing the proposed exchange with Cuba's Prime Minister Fidel Castro.

Eisenhower's speech at a $100-a-plate fund raising dinner will be his first since he left office last Jan. 20.

While Democrats don't think they will like what he says, they are cooperating with Republicans to cut the cost of staging the dinner. The GOP helped reduce the expenses of a similar 6,000-plate birthday affair for President Kennedy in the same armory last Saturday night.

While officials of the two national committees have gone about their usual business of exchanging political insults in public, they have collaborated privately to share the cost of building platforms, arranging bunting and transporting tables and chairs. Both committees thus saved several thousand dollars.

$35,000 Fire Loss

CLEVELAND (AP)—The Ezella Theatre was one of several buildings evacuated Tuesday when a nearby garage caught fire. The blaze, of undetermined origin, caused an estimated $35,000 damage to the 2½ story frame garage at 1254-64 Addison Road NE. Almost 100 persons in the theatre at 7009 Superior Ave. filed out calmly when told the possible danger.
